

# Knee Tilt (K) Chair Adjustment Information

SitOnIt • Seating®

## Pneumatic Lift

Easily adjusts to the perfect seat height. To raise the seat, lift your weight off the seat and pull up on the lever. Release lever when seat reaches desired height. To lower seat, lift up on the lever while you are seated; release lever when seat reaches desired height.

## Upright Position Tilt Lock

Locks your chair in an upright position for full task support. Pull the paddle out to unlock and free float. Push the paddle in while the seat and back are upright to lock into position.

## Tension Control

Provides a firmer or softer recline - multiple settings allow fingertip adjustment. Turn handwheel on the front of the mechanism; clockwise for more tension, counterclockwise for less tension.

# Posture Back (P) Chair Adjustment Information

SitOnIt • Seating®

## Internal Click-Click Back Height Adjustment

Allows for custom lumbar support. From a seated position, or while standing, lift up on the back to adjust the back height to one of 5 preset positions. Lift the back to the 6th position to release the internal back height mechanism and return the back to the lowest position.

## Adjustable Back Angle

Adjusts the angle of the back to a desired position for a more personal fit. To adjust, lift lever up to adjust to desired position. Push down to lock this position.

## Pneumatic Lift

Easily adjusts to the perfect seat height. To raise the seat, lift your weight off the seat and pull up on the lever. Release lever when seat reaches desired height. To lower seat, lift up on the lever while you are seated; release lever when seat reaches desired height.
