

CUSTOMIZING OPPORTUNITIES:

Add interest and variety through multiple color combinations.

A monolithic look may be right for a boring office. But to instill a little pizzazz, consider varying the component colors.

Both Amplify and Torsa allow nearly unlimited mixing and matching of frame color, arm color, back support/ lumbar band color and base color.

Finally, ten mesh back colors and ten thread colors (for Amplify) create exponentially more variation.

Amplify Configurations

The new Amplify fog frame color includes the arm stems and lumbar support band. The base is also available in fog, resulting in two color combinations:

- Black frame, arms, lumbar support band and base
- Fog frame, arms, lumbar support band and base

Torsa Configurations

With two frame colors, two back support colors, three arm colors and two base colors, Torsa can be configured 12 ways:

Color Choices

Frame	Arms	Back Support	Base
Graphite	Graphite	Graphite	Graphite
	White	White	White
	White	White	Graphite
	Graphite	Graphite	White
	Polished Aluminum	Graphite	Graphite
	Polished Aluminum	White	White
White	White	White	White
	Graphite	Graphite	Graphite
	Graphite	Graphite	White
	White	White	Graphite
	Polished Aluminum	Graphite	Graphite
	Polished Aluminum	White	White

Additionally, both Amplify and Torsa can be configured with a polished aluminum base, doubling the configuration possibilities!
