Being Green

There’s only one way to behave in this world. Responsibility.

At SitOnIt Seating being green is for design, and we’ve added Greengrad and Greenguard for Children + Schools Certification to our sustainability accomplishments.

However, we’re green and so much more.

By partnering with Momentum, we continue to be able to offer high performance textiles featuring fresh contemporary color and pattern choices that are perfectly suited for any environment.

As we constantly improve and streamline our processes, we look for and take every opportunity to reduce, reuse and recycle.

Essentials II

**icon upholstery definitions**

**Fire Resistance**

meets or exceeds performance in UL 1682 for burn hazard testing, Class 1 or 2.

**Callout to Mild and Dry Cleaning**

This does not mean that the fabric is flame or fire retardant.

**Colorfastness to Light**

This does not mean that the fabric is light resistant or color stable, only that it can withstand light and dry cleaning.

**Colorfastness to Sunlight**

This does not mean that the fabric is light resistant, but that it can withstand light and dry cleaning.

**Cleaning Code**

Use a commercial级干洗剂 with the manufacturer’s instructions for the fabric.

**Oversize**

This fabric can be used in combination with other decorator fabric or upholstery to meet sitOnit Technical Decorator 111 standards for commercial applications.

**Abbreviation**

This fabric can be used in combination with other decorator fabric or upholstery to meet sitOnit Technical Decorator 111 standards for commercial applications.

**Cleaning Code Definitions**

A: Water only, cold water only. Delicate/0% detergent cheap cleaning.

B: Water only, cold water only. Delicate/0% detergent cheap cleaning.

C: Water only, cold water only. Delicate/0% detergent cheap cleaning.

D: Water only, cold water only. Delicate/0% detergent cheap cleaning.

E: Water only, cold water only. Delicate/0% detergent cheap cleaning.

F: Water only, cold water only. Delicate/0% detergent cheap cleaning.

G: Water only, cold water only. Delicate/0% detergent cheap cleaning.

H: Water only, cold water only. Delicate/0% detergent cheap cleaning.

I: Water only, cold water only. Delicate/0% detergent cheap cleaning.

J: Water only, cold water only. Delicate/0% detergent cheap cleaning.

K: Water only, cold water only. Delicate/0% detergent cheap cleaning.
