

## SPECIFICATIONS

PATTERN:	Element
PRICE:	FG 2
LEAD TIME:	2-day
WARRANTY:	5 years
AVAILABILITY:	Approved for use on all seating models.

## CHARACTERISTICS

Content:	100% Polyurethane
Finish:	Antimicrobial (silver based ion technology)
Backing:	70% Polyester; 30% Cotton
Width:	54"
Pattern Repeat Size:	N/A
Weight Per Linear Yard:	20.3 oz
Cleaning Code:	WS / BC (5:1)
Country of Origin:	China

## PERFORMANCE

Abrasion:	200,000 D.R.
Seam Slippage (Warp):	61 lbs
Tensile Strength (Warp):	130 lbs
Flammability:	CA TB117-2013 UFAC Class 1 NFPA 260 Class 1 MVSS 302 IMO A 652 (16) 8.2

Colorfastness to Light Rating:	4
Lightfastness:	100 hours
Crocking, Dry:	Class 5
Piling Resistance:	Class 5
Note:	Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be an indicator of increased lifespan.

## ENVIRONMENTAL

PVC Free  
Healthier Hospitals (HHI) Compliant  
Phthalates Free  
Lead Free  
California PROP 65 Compliant  
No Formaldehyde

## CARE + MAINTENANCE GUIDE

### STAIN RESISTANCE

Ink:	Class 4
Permanent Marker:	Class 1
Coffee:	Class 4
Blood:	Class 4
Urine:	Class 4
Ketchup/Mustard:	Class 3
Wine:	Class 3
Lipstick:	Class 1

#### Rating System

*Class 5 – No evidence of stain present*

*Class 4 – Slight evidence of stain present*

*Class 3 – Noticeable evidence of stain present*

*Class 2 – Considerable evidence of stain present*

*Class 1 – Excessive evidence of stain present*

### GENERAL MAINTENANCE RECOMMENDATIONS

- Clean and maintain your furniture regularly.
- A professional cleaning service is recommended.
- Do not saturate the furniture with liquids.
- Treat stains quickly. The stain will become increasingly more difficult to remove the longer it sits.
- Pretest any cleaning method or agent in an inconspicuous area of the furniture before using in a visible location.

### STAIN AND DISINFECTANT RECOMMENDATIONS

A clean cloth, dampened with the appropriate cleaning solution, should be applied to the affected areas as soon as possible. Blot the fabric with the treated cloth, working from the outer edge of the stained area and moving in toward the center. In order to effectively draw out the stain, renew the cleaning cloth as often as necessary to maintain an absorbent surface.

Spot clean with upholstery shampoo, foam from a mild detergent, or mild dry cleaning solvent. Hot water extraction or steam cleaning is not a recommended cleaning method. Clean spots or stains from the outside to the middle of the affected area to prevent circling.

For light cleaning, use soap and water.

For difficult stains, use Fantastik® or Formula 409®.

For disinfecting, use a 5:1 water/bleach diluted solution.

#### Note:

Residue left by cleaning agents will degrade and shorten the life and/or affect the product's appearance if not removed.

### ANTIMICROBIAL FINISH EXPLAINED

Element has an antimicrobial finish. This finish is a silver based ion technology that inhibits the growth of bacteria and other dangerous microbes. It also suppresses the growth of harmful mold, mildew and fungus.

This finish is registered with the United States Environmental Protection Agency (US EPA).

### APPROVED CLEANERS

This list represents some of the most common options available and is not intended to be comprehensive.
