

SPECIFICATIONS

PATTERN:	Merit
PRICE:	FG 3
LEAD TIME:	2-day
WARRANTY:	5 years
AVAILABILITY:	Approved for use on all seating models.

CHARACTERISTICS

Content:	100% Vinyl
Finish:	ResilienceSR
Backing:	100% Polyester
Width:	54"
Pattern Repeat Size:	N/A
Weight Per Linear Yard:	30 oz
Cleaning Code:	WS / BC (1:10)
Country of Origin:	China

PERFORMANCE

Abrasion:	100,000+ D.R.
Seam Slippage (Warp):	50 lbs
Tensile Strength (Warp):	6.8 lbs
Flammability:	CA TB117-2013 UFAC Class 1 NFPA 260 Class 1

Colorfastness to Light Rating: 5

Lightfastness: 300 hours

Crocking, Dry: Class 5

Piling Resistance: Class 5

Note: Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be an indicator of increased lifespan.

CARE + MAINTENANCE GUIDE

GENERAL MAINTENANCE RECOMMENDATIONS

- Clean and maintain your furniture regularly.
- A professional cleaning service is recommended.
- Do not saturate the furniture with liquids.
- Treat stains quickly. The stain will become increasingly more difficult to remove the longer it sits.
- Pretest any cleaning method or agent in an inconspicuous area of the furniture before using in a visible location.

STAIN AND DISINFECTANT RECOMMENDATIONS

Regular cleaning and maintenance:

Clean the soiled area with mild soap and water, then rinse with fresh water and wipe dry with a clean cloth.

For food stains such as ketchup, chocolate, coffee, or tea:

Wipe affected area with a soft cloth or soft bristle brush using a non-abrasive cleaner, for example Formula 409™ or Fantastik™. Rinse with fresh water and wipe dry.

For difficult stains such as make up, lipstick, crayon or grease:

Clean the soiled area with 50% solution of Isopropyl Alcohol (Rubbing Alcohol) and water. It is important to rinse the cleaned area with fresh water after applying the alcohol solution.

For Healthcare stains, such as blood, urine, or betadine:

Clean/Disinfect the soiled area with a 10% solution of Household Bleach and water. It is important to rinse the cleaned area with fresh water after applying the bleach solution.

Note:

Residue left by cleaning agents will degrade and shorten the life and/or affect the product's appearance if not removed.

RESILIENCESR FINISH EXPLAINED

Materials treated with ResilienceSR can be easily cleaned and will guard against stain maintaining the desired surface appearance for years to come. They are also engineered to inhibit bacterial growth, as well as fungus, mold, and spores, resulting in a more hygienic environment. ResilienceSR also provides additional wear properties and surface durability to increase the life of the material. The finish is not visible and it doesn't effect the hand of the material.

WRITER'S BLOCK™ FINISH EXPLAINED

This material features Writer's Block ink resistant technology, which offers a unique repel & release stain inhibiting system. This dual action topcoat prevents ink and other stains from setting into the material and allows for easy cleaning, even after longer periods of time. With the ability to withstand high dilutions of bleach or Isopropyl alcohol any potential residue that may exist can be cleaned off easily.

APPROVED CLEANERS

This list represents some of the most common options available and is not intended to be comprehensive.

Accel TB
Clorox Hydrogen Peroxide Disinfectant
Clorox Disinfecting Wipes
Clorox Diluted Bleach (1:10)
