

SPECIFICATIONS

PATTERN:	Omni
PRICE:	FG 4
WARRANTY:	5 years
AVAILABILITY:	Approved for use on all seating models.

CHARACTERISTICS

Content:	100% polycarbonate polyurethane
Finish:	Writer's Block™
Backing:	100% polyester
Width:	54"
Pattern Repeat Size:	N/A
Weight Per Linear Yard:	20 oz
Cleaning Code:	WS / BC (1:10)
Country of Origin:	China

PERFORMANCE

Abrasion:	250,000+ D.R.
Seam Slippage (Warp):	74 lbs
Tensile Strength (Warp):	13 lbs
Flammability:	CA TB117-2013 UFAC Class 1 NFPA 260 Class 1 FMVSS 302 IMO 2010 Part 8 (3.1) ASTM E-84
Colorfastness to Light Rating:	4.5
Lightfastness:	200 hours
Crocking, Dry:	Class 5
Piling Resistance:	Class 5
Note:	Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be an indicator of increased lifespan.

CARE + MAINTENANCE GUIDE

GENERAL MAINTENANCE RECOMMENDATIONS

- Clean and maintain your furniture regularly.
- A professional cleaning service is recommended.
- Do not saturate the furniture with liquids.
- Treat stains quickly. The stain will become increasingly more difficult to remove the longer it sits.
- Pretest any cleaning method or agent in an inconspicuous area of the furniture before using in a visible location.

STAIN AND DISINFECTANT RECOMMENDATIONS

For regular cleaning and maintenance:

Clean the soiled area with mild soap and water, then rinse with fresh water and wipe dry with a clean cloth.

For food stains and oils such as ketchup, chocolate, or coffee:

Wipe the affected area with a soft cloth with appropriate pressure. If some stain persists, clean with mild soap and water. Rinse with fresh water and wipe dry. For stubborn stains spot clean with a 70% dilution of isopropyl alcohol and water and wipe. Rinse with fresh water and wipe dry.

For ink marks such as ball point pen or permanent marker:

Rub the affected area with a dry soft cloth with firm pressure. If some stain is still present spray it with a 70% dilution of isopropyl alcohol and water and wipe. Rinse with fresh water and wipe dry.

Note: Removal of ink, particularly permanent marker, may vary depending on the period of time that the ink sets in. While this material offers excellent protection, full removal is not guaranteed.

For denim dye transfer from blue jeans:

This material is designed to withstand the transfer of most types of Indigo Dye. In the case that faint dye transfer is visible, this can typically be removed with a 70% dilution of isopropyl alcohol and water. *Note: Removal of indigo dye, particularly from wet jeans, may vary depending on the type of denim. While this material offers excellent protection, full removal is not guaranteed.*

For disinfection or healthcare environments with urine or blood:

Wipe the affected area with a soft cloth with appropriate pressure. If some stain persists, spray it with a 70% dilution of isopropyl alcohol and water and wipe. Rinse with fresh water and wipe dry. This material will withstand a 20% solution of Household Bleach and water. It is important to rinse the cleaned area with fresh water after applying the bleach solution.

Note:

Residue left by cleaning agents will degrade and shorten the life and/or affect the product's appearance if not removed.

WRITER'S BLOCK™ FINISH EXPLAINED

This material features Writer's Block ink resistant technology, which offers a unique repel & release stain inhibiting system. This dual action topcoat prevents ink and other stains from setting into the material and allows for easy cleaning, even after longer periods of time. With the ability to withstand high dilutions of bleach or Isopropyl alcohol any potential residue that may exist can be cleaned off easily.

APPROVED CLEANERS

This list represents some of the most common options available and is not intended to be comprehensive.

Clorox Hydrogen Peroxide Disinfectant
Diluted Bleach (1:10)
Greenworks All Purpose Cleaner
Isopropyl Alcohol
Neutral Disinfectant Cleaner
Oxivir TB
Sani Cloth HB
Sani-Professional Table Turners
Virex II 256

REJECTED CLEANERS

The following cleaners have been tested and DO show effects to the material when used. We DO NOT recommend the use of these cleaners.

Asepticare TB-II
Birex SE Disinfectant
Cavicide
Caviwipes
Clorox Broad Spectrum
Clorox Disinfecting Wipes
Clorox Healthcare Bleach Germicidal Wipes
Clorox Healthcare Hydrogen Peroxide Wipes
Clorox EZ Kill Wipes
Citrace Germicide
Fade-A-Dyne II
Formula 409
Fantastik
HealthLink EX Kill Wipes
Lysol Spray
Lysol Foaming Disinfectant Cleaner
Optim 33TB
Oxycide
Precise Spray
Sani Cloth Plus
SaniZide Plus Germicidal Solutions
Simple Green
Super Sani-Cloth with bleach
Super Sani-Cloth
Super Sani-Cloth AF3
Wex-Cide 128
Virox AHP 5 Disinfectant Cleaner Surface Wipes
