

## SPECIFICATIONS

<b>PATTERN:</b>	Omni
<b>PRICE:</b>	FG 4
<b>LEAD TIME:</b>	<b>Task/Executive/Side:</b> 2-day; <b>Lounge:</b> 10-day
<b>WARRANTY:</b>	5 years
<b>AVAILABILITY:</b>	Approved for use on all seating models.

## CHARACTERISTICS

<b>Content:</b>	100% polycarbonate polyurethane
<b>Finish:</b>	Writer's Block™
<b>Backing:</b>	100% polyester
<b>Width:</b>	54"
<b>Pattern Repeat Size:</b>	N/A
<b>Weight Per Linear Yard:</b>	20 oz
<b>Cleaning Code:</b>	WS / BC (1:10)
<b>Country of Origin:</b>	China

## PERFORMANCE

<b>Abrasion:</b>	250,000+ D.R.
<b>Seam Slippage (Warp):</b>	74 lbs
<b>Tensile Strength (Warp):</b>	13 lbs
<b>Flammability:</b>	CA TB117-2013 UFAC Class 1 NFPA 260 Class 1 FMVSS 302 IMO 2010 Part 8 (3.1) ASTM E-84

**Colorfastness to Light Rating:** 4.5

**Lightfastness:** 200 hours

**Crocking, Dry:** Class 5

**Piling Resistance:** Class 5

**Note:** Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be an indicator of increased lifespan.

## ENVIRONMENTAL

PVC Free

Anti-Microbial

Anti-Bacterial

## CARE + MAINTENANCE GUIDE

### GENERAL MAINTENANCE RECOMMENDATIONS

- Clean and maintain your furniture regularly.
- A professional cleaning service is recommended.
- Do not saturate the furniture with liquids.
- Treat stains quickly. The stain will become increasingly more difficult to remove the longer it sits.
- Pretest any cleaning method or agent in an inconspicuous area of the furniture before using in a visible location.

### STAIN AND DISINFECTANT RECOMMENDATIONS

#### For regular cleaning and maintenance:

Clean the soiled area with mild soap and water, then rinse with fresh water and wipe dry with a clean cloth.

#### For food stains and oils such as ketchup, chocolate, or coffee:

Wipe the affected area with a soft cloth with appropriate pressure. If some stain persists, clean with mild soap and water. Rinse with fresh water and wipe dry. For stubborn stains spot clean with a 70% dilution of isopropyl alcohol and water and wipe. Rinse with fresh water and wipe dry.

#### For ink marks such as ball point pen or permanent marker:

Rub the affected area with a dry soft cloth with firm pressure. If some stain is still present spray it with a 70% dilution of isopropyl alcohol and water and wipe. Rinse with fresh water and wipe dry.

*Note: Removal of ink, particularly permanent marker, may vary depending on the period of time that the ink sets in. While this material offers excellent protection, full removal is not guaranteed.*

#### For denim dye transfer from blue jeans:

This material is designed to withstand the transfer of most types of Indigo Dye. In the case that faint dye transfer is visible, this can typically be removed with a 70% dilution of isopropyl alcohol and water. *Note: Removal of indigo dye, particularly from wet jeans, may vary depending on the type of denim. While this material offers excellent protection, full removal is not guaranteed.*

#### For disinfection or healthcare environments with urine or blood:

Wipe the affected area with a soft cloth with appropriate pressure. If some stain persists, spray it with a 70% dilution of isopropyl alcohol and water and wipe. Rinse with fresh water and wipe dry. This material will withstand a 20% solution of Household Bleach and water. It is important to rinse the cleaned area with fresh water after applying the bleach solution.

#### Note:

Residue left by cleaning agents will degrade and shorten the life and/or affect the product's appearance if not removed.

### WRITER'S BLOCK™ FINISH EXPLAINED

This material features Writer's Block ink resistant technology, which offers a unique repel & release stain inhibiting system. This dual action topcoat prevents ink and other stains from setting into the material and allows for easy cleaning, even after longer periods of time. With the ability to withstand high dilutions of bleach or Isopropyl alcohol any potential residue that may exist can be cleaned off easily.

### APPROVED CLEANERS

This list represents some of the most common options available and is not intended to be comprehensive.

Clorox Hydrogen Peroxide Disinfectant  
Diluted Bleach (1:10)  
Greenworks All Purpose Cleaner  
Isopropyl Alcohol  
Neutral Disinfectant Cleaner  
Oxivir TB  
Sani Cloth HB  
Sani-Professional Table Turners  
Virex II 256

### REJECTED CLEANERS

The following cleaners have been tested and DO show effects to the material when used. We DO NOT recommend the use of these cleaners.

Asepticare TB-II  
Birex SE Disinfectant  
Cavicide  
Caviwipes  
Clorox Broad Spectrum  
Clorox Disinfecting Wipes  
Clorox Healthcare Bleach Germicidal Wipes  
Clorox Healthcare Hydrogen Peroxide Wipes  
Clorox EZ Kill Wipes  
Citrace Germicide  
Fade-A-Dyne II  
Formula 409  
Fantastik  
HealthLink EX Kill Wipes  
Lysol Spray  
Lysol Foaming Disinfectant Cleaner  
Optim 33TB  
Oxycide  
Precise Spray  
Sani Cloth Plus  
SaniZide Plus Germicidal Solutions  
Simple Green  
Super Sani-Cloth with bleach  
Super Sani-Cloth  
Super Sani-Cloth AF3  
Wex-Cide 128  
Virox AHP 5 Disinfectant Cleaner Surface Wipes
