

Textile Reference Guide 2017

Effective April 10, 2017
Revised October 2, 2017

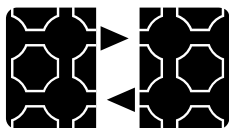

SitOnIt • Seating®

Thousands of textiles. Shipped in 2, 5 and 10 days.

Dealers, designers and end users all agree—our textile program leads the industry in quality, lead time and value-driven pricing. No other seating manufacturer can build the chair you want—and deliver it when you want it—at a price other brands just can't match. In fact, our famous built-to-order promise is founded largely on our customer-friendly textiles program—a program that offers over a thousand textile options shipped in just 2, 5 or 10 days.

WE CARE ABOUT THE DETAILS.

DISCOVER PATTERNMATCH®

Our exact pattern matching service lines up patterns on each chair component (back, front and valence) for a precise, unified look.

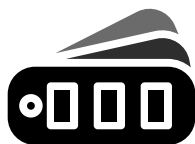

EXPLORE MULTI-UPHOLSTERY OPTIONS

Like more than one pattern? Our Multi-Upholstery Option* lets you choose different textile styles for the seat and back for ANY of our applicable models.

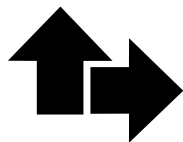

CHOOSE CAL-133 TESTED

We pre-test all of our carded options for both SITONIT and IDEON to maximize the total number of CAL-133 approved options we can offer.

FIND THE PERFECT COLOR MATCH

Want a monochromatic look? No problem. Our mesh colorways and SitOnIt/IDEON Collection patterns have all been carefully selected to color-match exactly.

SELECT YOUR DIRECTION

Horizontal or vertical? Let us know exactly which way you'd like your selected pattern to fall—we'll follow your lead.

See What's New

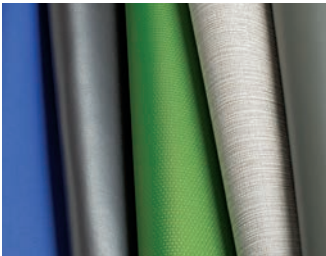

We pride ourselves in maintaining a strong selection of textiles that are on-trend and tailored to your customers' needs. We do this by not only keeping up with current market trends but also staying ahead of them. That's why we're introducing three NEW cards and updating two of our existing cards with NEW prints and colors.

NEW! CF STINSON | COATED FABRICS

Discover durable vinyls and polyurethane options in lots of prints and textures—choose from botanical, geometrical and textured coated designs. All patterns are:

- CAL 133 approved for SitOnIt Seating and IDEON
- available to order with a variety of finish options including Zeron® Protective Finish and Advanced Soil & Stain Resistant Top Coat

NEW! MOMENTUM | ENDURANCE

We partnered with Momentum to bring you the only textile in the industry with 1 MILLION DOUBLE RUBS. Discover Endurance EPU Technology—a high-quality polyurethane that is more durable and sustainable than any other polyurethane on the market today. All patterns are:

- CAL 133 approved for SitOnIt Seating and IDEON
- created using zero water and 56% less energy
- 100% EPU

NEW! MOMENTUM | SILICA PRINTS

Meet the industry's first and only environmental alternative to vinyl and polyurethane. All prints coordinate perfectly with our existing solids. In addition, all patterns are also:

- CAL 133 approved for SitOnIt Seating and IDEON
- ink-erasable with water
- naturally anti-microbial and anti-bacterial
- 100% silicone (PVC-free)

UPDATED! MOMENTUM | CONTRACT ESSENTIALS III

We've updated one of our most popular cards by hand selecting all of Momentum's bestsellers to create a fresh, modern collection of do-it-all patterns available in grades 2, 3 and 4. Choose from designer-friendly, high-performance options in a mix of textures and small-scale prints. All patterns are:

- CAL 133 approved for SitOnIt Seating and IDEON
- available to order with a variety of finishes including Crypton Green and other soil and stain resistant options

UPDATED! ARCCOM | ALLIANCE II

Our healthcare-friendly card now offers NEW coated and woven options. Highly durable and easily cleanable, all patterns are also:

- CAL 133 approved for SitOnIt Seating and IDEON
- available to order with a variety of finish options including MoreCare, WipeOut, Aegis Microbe Shield, NANOtex, RESILIENCE and more.

SitOnIt Textile Upcharges

Textile upcharges for carded fabric and vinyl grades 1-7 and carded leather grades 1-3 are provided in the SitOnIt Seating Price Guide. To calculate upcharges for higher grades, add the price in the right column of the chart below to the highest grade (FG7 or LG3) listed in the Price Guide for the desired product.

Upcharges apply to all SitOnIt Seating upholstery, regardless of collection or model.

Example

Amplify upholstered back task chair is the desired product and Maharam Alpine Stripe (FG13) is the desired fabric. Grade 7 for Amplify upholstered back in the Price Guide is + \$296. Add the FG13 upcharge in the chart below (\$330) to the FG7 price (\$296) to arrive at a total fabric grade upcharge of \$596.

COM/COL Overview and Instructions

UNMATCHED PATTERN MATCHING

IDEON is the industry leader in pattern matching. Our PatternMatch™ expertise links patterns to chair components for a unified look across the back, front, seat and valance. Fabric for the right and left arms are cut to be mirror images. With this technology, every chair is a perfect match.

And the match can be replicated, even years later. If a replacement seat, back, valance – or even a complete chair – is needed, PatternMatch ensures the replacement perfectly matches the original.

FABRIC DIRECTION

Patterned fabric may be oriented to your liking. Each upholstered component on lounge products (seat, back, arm, valance) can be positioned independently.

Dotted lines on the chair images on the next page represent how we judge how directional patterns travel. If you wish the pattern to travel according to our vertical/off-the-roll direction for each component, do nothing or add “S” to the manufacturer/pattern/colorway information on your order. If you wish the pattern to be rotated, select “Rotate Fabric Direction 90 Degrees” in the Final Price Calculation worksheet or add “R” to the manufacturer/pattern/colorway information on your order.

☐ Rotate Fabric Direction 90 Degrees		

To ensure desired fabric direction, use the form on page 8.

All fabric will be applied in the vertical/off-the-roll direction unless otherwise specified. Since some fabrics may be bi-directional with a subjective dominate direction, IDEON reserves the right to use its own judgment and will apply the fabric in what is determined to be the best manner. To ensure we meet your expectations, some upholstery selections may require visual verification prior to production. Visual verification orders will not be scheduled for production or acknowledged with a ship date until the customer has approved the visual image.

COM EXCESS YARDAGE

SitOnIt Seating is not responsible for yardage submitted to us beyond the required amount. Excess COM/COL textile will be held in-house for 60 days and will be discarded after that time period. If a customer requires the COM/COL excess yardage returned, they must contact Customer Experience at SitOnIt Seating to make arrangements. The customer will be responsible for delivery charges.
