

Special Use: CAL TB 133 Fire Code

SitOnIt Seating's entire line of seating meets California Technical Bulletin 117-75 (CAL TB 117) which has been in effect since October of 1975. This is a standard by which upholstered furniture has been tested for approval to meet a minimum fire standard. SitOnIt Seating's standard product is not designed to meet California Technical Bulletin 133. However, upon special request, SitOnIt Seating's seating can be designed to meet the California Technical Bulletin 133 (CAL TB 133).

CAL TB 133

CAL TB 133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as Healthcare facilities, Convalescent Homes, Public Assembly Areas of Hotels and Motels, Hospitals, Board and Care Homes, Stadiums, Licensed Child Care Facilities, Prisons and Jails.

CAL TB 133 Test

CAL TB 133 is a full scale fire test for furniture manufactured for use in public buildings. The standards do not specify how to construct furniture, but only how it should perform when tested. To pass this fire standard test, a fire blocking liner is sandwiched between the foam and fabric of our chairs. This liner acts as a fire extinguisher by smothering the flame.

CAL TB 133 Models

The following models when combined with approved textiles and blocker meet the CAL 133 standard:

Resonance – A82, A83, A84, A85
 Glove Executive – A26FR

CAL TB 133 COM/COL

COM/COL compliance for CAL TB 133 models listed above can be determined by specifying upholstery with the exact characteristics as approved SitOnIt Seating fabrics and leathers or by conducting a full chair burn test. The non-discountable test fee for each chair-textile combination is \$600 net plus the cost of the chair. The lead time for testing is 4 weeks.

CAL TB 133 Leather

The following leather when applied to Glove Executive, Glove Active, Leader, @Work, and Freelance meets CAL TB 133: Volo

CAL TB 133 Plastic

Black plastic meets CAL TB 133 and is available on the following models at standard SitOnIt Seating lead times: Rowdy, Anytime, Relay, OnCall, Achieve, Freelance, and F/X

To Order CAL TB 133

Please allow a ten day lead time. Clearly specify CAL TB 133 on order.

List Pricing upcharge per chair:

Plastic*: \$39 any quantity

Fabric*: \$91 for order quantities 1-49,

\$49 for order quantities 50+

Leather: \$113 list any quantity

* Plastic base chairs with upholstered seat and/or back options use fabric upgrade price only.

To Check Purchased Seating For CAL TB 133

To determine whether your current SitOnIt Seating chair meets CAL TB 133, or to check an order you have recently received, check the bottom of the chair seat pan for the label shown to the left. If your chair does not have this tag, your chair *does not* meet CAL TB 133.

Notice

This article is manufactured for use in public occupancies and meets the flammability requirements of California Bureau of Home Furnishings Technical Bulletin 133. Care should be exercised near open flame or with burning cigarettes.
