Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Due to natural variations over which we have no control, all furniture is sold subject to minor irregularities of color, surface, grain, and texture. Textiles are sold subject to minor variations of color. Leather upholstery materials are of the finest quality. Because leather is a natural product, variations of texture are common and should be expected. Leather will contain natural markings such as neck wrinkles, scratches, backbone marks and stretch marks. These distinctions give leather its unique characteristics and are considered to be a part of the natural beauty of leather.

Our company will advise you of the procedure to follow when making warranty claims. Call **SitOnIt Seating at 888 274-8664** to explain defect. Give your name, address, and telephone number.
