## SitOnIt Introduces More Ways to Achieve

**Cypress, CA (April 2006)** - SitOnIt Seating is extending the Achieve line to include a new chair with casters that add convenience and mobility. Featuring contemporary sleek lines and contoured seat and back, Achieve is ideal for guest and lobby areas, as well as meeting and conference rooms. The innovative anti-tip feature integrated into the frame makes Achieve an excellent solution for educational and institutional settings.

Achieve follows the curves of the human body beautifully, embracing the user and creating a level of comfort that remains supportive for hours at a time. Available in both arm and armless models, the design is complimented by a black or silver elliptical frame.

A waterfall seat front minimizes contact pressure and produces an enduring sit that promotes user comfort. The concave and contoured seat and back, available in plastic or fabric, are generous, providing the feel of a large chair, but with a sleek and slender profile.

The slope of the arms conforms to the body's natural posture, promoting an ergonomically correct sitting position. A wall saver is incorporated into the frame to minimize potential scuffs and marks on walls. Chairs can be ganged arm-to-arm or armless-to-armless, promoting alignment and efficient space planning.

Customize Achieve's plastic back in any of six designer colors in combination with any of SitOnIt's 270+ textiles or COM fabric for the seat. Offered with a lifetime warranty, Achieve is ready when you are, shipping in just two to five business days from receipt of order. Find out what you can achieve by calling 888-274-8664.

### About SitOnIt

SitOnIt Seating, Inc., founded in January 1996, is a mid-market manufacturer of ergonomic desk, task, conference and executive seating with complementary side chairs. The company combines world class design with a reputation for speed-to-market. Headquartered in Cypress, California, SitOnIt ships more than 500,000 chairs annually.
