SitOnIt Announces New Non-Stop Seating Line with Steel Reinforcement

Cypress, CA (October 2006) – Backed by solid steel, SitOnIt Seating's new Non-Stop™ offers an affordable, hard-working solution for intense 24-hour environments. Workers in rescue operations, call centers, telecommunications operations, healthcare facilities, and industrial locations will benefit from the comfort and durability of Non-Stop.

Designed to fit all users, Non-Stop features a steel skeletal structure and is available in three sizes to accommodate users up to 350 pounds (size 1 and 2) or up to 500 pounds (size 3). Size 1 and 2 include a heavy-duty back height adjustment attached to a reinforced steel plate. The seat is also supported by steel for added strength and durability.

Available in hundreds of fabric and vinyl options, Non-Stop seats are sculptured using multi-density molded foam for both ergonomic and aesthetic benefits.

Non-Stop size 1 and 2

Non-Stop size 1 and 2 offer a choice of three mechanisms – new heavy-duty swivel tilt (T2), multi-function (M), and new Euro glide (A2) with a synchronized movement. Three arm options are available – loop arm, adjustable arms with width and pivot options, and adjustable break-away arms. An armless option completes the offering. Three base options include black nylon, black painted aluminum, or polished aluminum.

Non-Stop size 3

A dual-torsion (DT) control offers extra strength and durability for Non-Stop size 3, which is available armless or with loop arms. Two base options, black painted aluminum or polished aluminum, are available.

Non-Stop ships in just two to 10 days and offers a 10-year, three-shift warranty on all structural components. Foam and fabric are covered for two years. To find out how we can keep you going non-stop, call 888-274-8664.

About SitOnIt

SitOnIt Seating, Inc., founded in January 1996, is a mid-market manufacturer of ergonomic task, conference, executive, and side seating with complementary side chairs. The company combines world class design with a reputation for speed-to-market. Headquartered in Cypress, California, SitOnIt ships more than 600,000 chairs annually.
