Healthcare Solutions

SitOnIt • Seating®
Keep pace with the heartbeat of healthcare

From check-in to check-out, each check-up should be a seamless, comfortable experience. Every patient, guest, care provider and back-office administrator can rest assured that – even in the most demanding of healthcare environments – we engineer solutions to outlast and outperform with industry-leading ergonomics, durability, environmental and safety standards.

Because at the end of the day (or shift), it’s all about experiencing a better kind of care.

Welcoming + Waiting

In any healthcare space, lasting comfort can be as important as first impressions, especially when managing patient satisfaction is essential. You can provide a sense of well-being with well-designed collections and solutions that feel as good as they look.

Highlights:
Rest easy with do-it-all design and durability.
Promote sustainability with Healthier Hospital solutions.
Stay connected with plug-in power options.

Power ports (optional)
Patients + Guests

Warm welcomes and comfortable waits are just the beginning of the patient (and guest) journey. The need to provide a reassuring, supportive experience extends behind closed doors into the rooms and spaces where they often stay the longest.

Highlights:
Design impactful areas for exams, consultations, treatment and more.
Curate across collections for even greater versatility.
Elevate quality of care with high design and performance.
Caregivers + Staff

Great care requires great support. And great support comes from solutions that promote productivity while reducing stress and preventing injury. When you engineer for ergonomics, you can provide wellness for everyone in the care process.

Highlights:
Provide on-call comfort to people constantly in motion.
Work efficiently with design that doesn’t get in the way.
Inject some personality to clinical environments.
Administration + Consultation
Community + Learning

Caring is a social experience, and breakthroughs happen everywhere – even in breakrooms. That’s why healthcare facilities seek solutions (fixed and flexible) that support coming together for the greater good.

Highlights:
Create critical collaborating, training and learning spaces. Provide responsive, agile solutions for audiences of any size. Offer convenience and comfort for interactive, communal areas.
Collaboration + Café
Conference + Office

Healthcare organizations are in the business of caring. And they need workplace products that are equally focused on providing support – in every aspect of the business. That’s why, when it comes to offering award-winning, reliable solutions, we’re the go-to for executives and administrators.

Highlights:
Deploy corporate configurations – from board rooms to private offices. Choose from any meshes, featured fabrics, lush leather and more. Provide the same on-call comfort away from clinical, caring spaces.
Customization + Turnaround

Fastest shipping in the industry

Choose from 2, 5 or 10-day shipping.

We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can’t match. From start to finish, we maximize efficiency in every single area – whether it’s sourcing and logistics or assembly and production.

Options for days

Settle into custom comfort and not on choice with the biggest textile program in the industry. Choose from over 15,000 options graded-in (and 1,000+ ready to ship within 10 days), including moisture barrier, dual upholstery pattern-match and Healthier Hospital compliant options.

Design with ChairBuilder®

Create your very own seating solutions with ChairBuilder – the industry-leading specification and visualization tool. See your designs come to life in real-time with 360-degree, high-resolution images and access to our extensive collection of carded textiles.

Visit www.ChairBuilder.com to get started.

Products + Features

We demonstrate our belief in being a good corporate citizen by constantly looking for ways to reaffirm the beneficial social impact of our operations locally and globally. We are committed to maintaining high principles of social responsibility. We are vigilant about being as fair as possible to our customers, employees and our manufacturing partners, and to benefit to the communities in which we operate.

For more information, read our latest Social Responsibility Report at www.sitonit.net/socialresponsibility.

SitOnIt Seating is dedicated to sustainability, from the fabrics we select, to the way we manufacture, to how we run our corporate offices. Our efforts have been recognized by Managing Automation, which listed us as one of its “Progressive 50.”

We work hard to minimize the impact of our manufacturing and support a healthy workplace – for our employees and our planet. Our lean manufacturing practice provides the foundation of our sustainability strategy by eliminating waste, conserving resources and responsibly designing products for durability and extended life.

Learn more, including our BIFMA Level® Certification, at www.sitonit.net/BIFMA.

We make products that meet the Safer Chemicals Challenge 2.0 of the Healthier Hospitals (December 2016), when configured as follows:

- Products must be ordered with SitOnIt Seating textiles. Several textiles from our textile partners may not qualify, nor can we assume responsibility for Customer Owned Materials (COM).
- Products must not be ordered with the CAL133 option.

Learn more with our full list of Healthier Hospitals compliant textiles and products, including exceptions, at www.sitonit.net/healthierhospitals.
SitOnIt Seating Limited Warranty
