

HiQ™

SitOnIt • Seating®

California born and bred

We're a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for all of your spaces.

Elevate the everyday

From productivity hubs to collaboration hotspots, create places for “getting it done” with HiQ™. It's a height-adjustable total benching solution that promotes healthier environments through essential ergonomics, connectivity and workspace division.

A foundation of functionality

With a vast lineup of options and add-ons, there's no limit to how you can make HiQ™ fit any space. There are enhancements that clear the clutter by managing cables, accessories that create centers of productivity, and panels that provide essential privacy — all built on rugged steel construction that exceeds BIFMA standards for safety and reliability.

Take ergonomics and safety to a new level with push-button height adjustability, four programmable positions and an integrated gyroscopic anti-collision sensor.

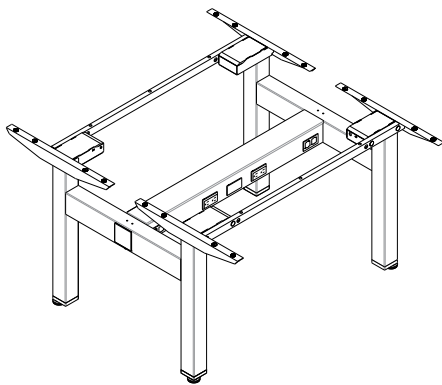

Privacy. Power. Posture.

Provide all three (and more) with benching full of body benefits and the innovation to lift up corporate, healthcare and education environments.
