SitOnIt • Seating®

CALIFORNIA BORN AND BRED

We're a leading manufacturer of commercial, healthcare, and education solutions in North America. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for all of your spaces.

DESIGN THAT GETS YOU

Discover seating engineered around you. Experience responsive design, supreme comfort and hyper-customizable features—all at value-driven prices.

OUR BUILD-TO-ORDER PROMISE

Custom-designed chairs, no waiting. Our nimble size and lean manufacturing operation means we can ship build-to-order chairs in just two days.

FASTEST SHIPPING IN THE INDUSTRY

We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can't match. Our entire offering is shipped quick – within 5 to 10 days, for fast delivery.

WORLD-CLASS SERVICE

We're proud to announce that the Office Furniture Dealer Alliance voted for us as "Best Customer Service" three times in the past five years.

SUSTAINABLE DESIGN

We make it easy to go green. Design an eco-friendly room from the ground up or upgrade an existing space to meet the latest environmental standards.

LEED Certified

Earn points toward LEED certification thanks to our U.S. manufacturing location and our use of recycled materials where possible.

GREENGUARD Certification

All SitOnIt Seating lounge and seating products met the rigorous criteria required by GREENGUARD in accordance with the Collaborative for High Performance Schools.

LEVEL Certified

Sustainability matters. That's why we've worked to achieve BIFMA LEVEL® certification for all task chairs, side chairs and lounge products.

PFAS

As a California-based furniture manufacturer, we're committed to sustainability, safety, and full compliance with California AB 1817—ensuring that all carded and graded-in fabrics used in our products are free from intentionally added PFAS (Per- and Polyfluoroalkyl Substances). We work closely with our textile partners to uphold rigorous environmental and consumer safety standards.

The Take Back Program

SitOnIt Seating helps minimize product waste by connecting our customers and dealers with third-party groups who redirect materials that would be headed for the landfill to local nonprofits and public agencies.

We Did Our Homework

Download detailed documents that break down the percentage of recycled content, manufacturing processes and indoor air emissions for every chair we make.

WARRANTY

Product Warranty Periods

Exemplis LLC, d.b.a. SitOnIt Seating (hereafter referred to as the Company), warrants to the original end user that this product will be free from defects in its material and workmanship when used in a single shift (standard eight-hour day, five days per week) for the following warranty periods:

LIFETIME WARRANTY COVERAGE:

- All SitOnIt Seating products, except where noted below
- Structural Components: eBEAM, HiQ, Parallon, Prise, Surge, Switchback and Voyager
- Structural: Kindl frame.

12-YEAR WARRANTY COVERAGE:

- Amplify, Cora (Guest, Hip and Stool), Focus 2.0, Kindl (bariatric, guest, freespan and preconfigured), Novo, Torsa, and Wit used in multi-shift (24/7) applications.
- Lounge seating and occasional/lounge tables
- Bases: Ocala, Tensor
- Laminate tops
- Monitor arms¹: Mobio series, Unity G2
- Plastic shells

10-YEAR WARRANTY COVERAGE:

- Non-Stop Heavy Duty, Cora (Midsize and Bariatric), Freelance Bariatric and chairs purchased with a Heavy Duty (HD) or Large and Tall (LT) option used in multi-shift (24/7) applications
- Electrical Components: eBEAM, HiQ, Parallon, Prise, Surge and Switchback

FIVE-YEAR WARRANTY COVERAGE:

- Fabric, foam, knit back, and mesh
- All filing products³
- CPU holders
- Screens⁴
- High Tide
- Keyboard trays
- Lighting fixtures
- Power components⁵: EON, Current, Power Strips
- Wire management

TWO-YEAR WARRANTY COVERAGE:

- Fabric and foam cushioning for Non-Stop Heavy Duty, Freelance Heavy Duty, Cora Midsize and Bariatric, Kindl bariatric and chairs purchased with an HD or LT option
- Multipurpose felt glides
- Half-Moon Pencil Drawer

ONE-YEAR WARRANTY COVERAGE:

- Lighting power supplies
- Mouse pads
- Wrist rests

1. Weight capacity of the monitor arms must be followed. If an arm is not functioning properly because of the weight of the monitor is outside of the advertised weight capacity, the monitor arm will not be considered defective under the warranty.

2. Please note that electrical components on a height-adjustable table include: hand controls, motors, control boxes and electrical cables.

3. This warranty does not cover damage from ordinary wear and tear, including paint finish changes and/or discoloration resulting from aging or exposure to light.

4. Warranty limited to finishes, tacking surface of tack boards and writing surface of whiteboards. Standard textiles limited to original manufacturer's warranty.

5. Power components are defined as any power unit with electrical outlets and/or USB/data connections, connector jumper cables for daisy chain and infeeds for hardwire applications.

WARRANTY

Freight Warranty

At SitOnIt Seating™, we take pride in crafting one-of-a-kind pieces. Products are thoughtfully inspected prior to being carefully wrapped and packed for shipment. Upon receiving your order, should your order be less than perfect, please follow these steps for an expedited resolution:

IF DAMAGE IS VISIBLE:

- Please accept shipment and report damages on the freight bill.
- Contact SitOnIt Seating Customer Experience to report the issue **within 10 days** after delivery.

IF DAMAGE IS CONCEALED:

- Save merchandise and packaging.
- Take a photo to document the damage.
- Contact SitOnIt Seating Customer Experience to report the issue **within 60 days** after delivery.

Either way, we are here to help! SitOnIt Seating Customer Experience Team is on standby to assist Monday through Friday, 5:00 a.m. to 5:00 p.m. PST. Call (888) 274-8664 or email sitonit@exemplis.com.

The Company Does Not Warranty

- COM/COL textiles
- Product abuse or misuse
- Failure resulting from normal wear and tear
- User modification of or attachments to the product
- Products or parts not used, maintained or installed in accordance with the Company's installation, maintenance and/or applicable guidelines
- Products that are exposed to extreme environmental conditions and/or have been subject to improper storage
- Floor samples or display models
- The substitution or use of non-SitOnIt Seating components with SitOnIt Seating products
- Products purchased "as is" and/or secondhand
- Products sold by unauthorized dealers
- Creasing and/or gathering of textiles during upholstery application process
- Minor irregularities of color, surface, grain and texture
- Minor variations of color in textiles
- Variations of texture and natural markings such as neck wrinkles, scratches, backbone marks and stretch marks in leather
- Color matching of textiles exactly to samples, swatches or prior purchases

For orders shipping outside the contiguous 48 U.S. states or the common provinces of Canada (British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec, New Brunswick & Nova Scotia), we will provide replacement parts and pre-approved labor as determined by our warranty team. However, matching our standard freight policy, we will only ship those replacement parts to a U.S. port. It is up to our dealer to handle freight costs from the U.S. port to their location.

WARRANTY

Applicable Provisions To All Products And Services

The Company will repair or replace with a comparable product, at its option, without charge to the original purchaser, only defective products or parts found defective during the Warranty Period. If requested by the Company, the original purchaser must return the part or product with freight or other shipping charges prepaid.

This warranty shall be effective for the applicable time period beginning from date of purchase as shown on original purchaser's original receipt or other proof of purchase.

For products purchased on or after August 1, 2012, the Company shall pay for all labor costs pre-approved by the Company. The payment of such pre-approved labor costs will be in the form of a credit to an active Company account.

There are no other warranties, expressed or implied, other than those specifically described, including, without limitations, any implied warranty or merchantability or of fitness for a particular purpose. The Company will not be responsible for incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state.

Warranty claims must be reported within 60 days of any concealed damage. The Company will advise you of the procedure to follow when making warranty claims. Call the Company at the number below to explain the defect. Give your name, address and telephone number. Please be prepared with the model number and sales order number found under the seat of the chair.

SitOnIt Seating: (888) 274-8664

ORDERING INFORMATION

Pricing

All prices are suggested retail and are subject to change without notice. Visit our websites or contact Customer Experience for the latest pricing. Prices in effect at the time of shipment will prevail. We reserve the right to make changes in prices, models, fabrics, finishes, materials and specifications and also discontinue models and options at any time without notice.

Orders

Specify model number, quantity, desired delivery date and all other applicable information. Order templates can be found in the applicable Price Guide. Orders will be accepted with an acknowledgment form governing the transaction. In the event an error is made in the manufacture of the product, the acknowledgment will be used as the resolution document. Submit orders by email or fax:

SITONIT SEATING:

Email: purchaseorder@exemplis.com

Fax: (714) 995-4855

Minimums

FREIGHT PROGRAM

The freight program is designed to deliver freight prepaid to the designated consignee. To offset rapidly increasing costs, it requires a minimum quantity (three or more items) for select product categories. Premium freight services and/or guaranteed delivery may result in additional shipping charges.

NO MINIMUM REQUIREMENT:

- Task/Collaborative/Conference/Executive seating and task stools
- Side, nesting seating and stools
- Plastic seating
- Height adjustable tables (except tops)*
- Fixed and adjustable benches (except tops)*
- Power beam
- Training/meeting/Café/Occasional tables (except tops)*
- Ergonomic accessories (e.g. monitor arms, keyboard trays, wire management, desktop sit-to-stand, power solutions)
- Screens
- Storage
- WFH products

Note: The tops for these products will have a minimum requirement of four units. Uni table ships in a single packet and the top is not subject to minimum four rule.

Minimums (Cont.)

3-UNIT MINIMUM

- Lounge seating
- Tandem seating

Note: Products that do not require a minimum can be combined with those that require 3-unit minimum to reach the minimum quantity. If the minimum is not met, the order will incur a \$95 net surcharge per order.

4-UNIT MINIMUM:

- Tabletops/worksurfaces

Note: Tabletop/worksurface orders that don't reach the minimum of 4 tops will incur a \$95 net surcharge per order even if they're part of a larger order.

EXAMPLES

- Order A: 1 Rio chair, 1 Wit chair, 1 Gobi – no surcharge
- Order B: 1 Gobi, 1 Envoi - \$95 surcharge because the number of lounges is less than minimum 3 and there are no other products in the order
- Order C: 1 Aviera, 1 Mobio arm, 1 Motif screen – no surcharge
- Order D: 1 eBeam, 1 EON, 1 Switchback base, 1 Switchback top - \$95 surcharge because the number of tops is under the required four tops minimum
- Order E: 3 Switchback tables with tops - \$95 surcharge because the number of tops is under the required four tops minimum

Quantity Discounts

Quantity discounts for CAL 133 textiles and some shipping methods are available. See the appropriate Price Guide or contact Customer Experience for more information.

Change Orders

Orders that have been scheduled for production may not be changed. All changes on customer orders previously acknowledged must be requested in writing and are subject to approval. Requests for changes are not deemed accepted until acknowledged. In the event a revision is accepted, change fees may apply.

ORDERING INFORMATION

Lead Time

SitOnIt Seating offers mass customization with millions of product combinations, thousands of fabric and finish options, and multiple product categories—all within our standard offering. Industry-leading speed means our comprehensive solutions ship in just 5 to 10 days. Need real-time lead times for your projects? Visit [sitonit.net/leadtimes](https://www.sitonit.net/leadtimes).

Holds

Orders received by 10 a.m. PST begin assembly the next day. Orders that are “On Hold” will begin production only when all holds are released. Customer Experience will notify you of any holds placed on your order.

Types of holds include:

- Credit Hold for issues related to billing and invoicing.
- Incomplete Hold if the purchase order is incomplete or illegible.
- Pricing Hold if the price on the purchase order does not match the pricing shown in the Price Guide or in our computer system.
- New Fabric Hold for nonstandard textile orders without an inventory part number.
- Graded Hold is placed by the Purchasing Department while confirming delivery of graded fabric from the vendor.

Large Orders

Large orders may require additional lead time:

25 UNITS

- Cameo
- Compositum
- Envoi
- Gobi
- Nano
- Sable
- Visit Modular

50 UNITS

- Aviera
- Benching
- Kindl
- Parallon Bases
- Screens
- Paséa
- Tabletops
- Tensor Bases

100 UNITS

- Flytech
- Sephen

150 UNITS

- Accessories
- Switchback Bases
- Lighting
- Monitor Arms
- Ocala Bases
- Power
- Sit-Stand (Desktop)
- Surge Bases

250 UNITS

- Task Chairs/Stools
- Side Chairs/Stools

ORDERING INFORMATION

Product Modification

Special requests are available and additional charges will be determined per quotation. Up to five working days are required after the special request is received to prepare a quotation. Contact Customer Experience for details.

Orders for Parts

Multiple shipments may occur for orders that include parts. Hardware such as casters or cylinders will ship separately from items requiring upholstery or manufacturing labor. Components such as casters or cylinders will ship separately from new chairs.

Product and Design Changes

We reserve the right to discontinue product lines, models and parts at any time. We also reserve the right to make changes in design and material when such action is deemed to be an improvement in design, function and/or construction.

Cancellation and Returns

Orders that have entered any stage of production cannot be canceled. Request for cancellations are not accepted until acknowledged. In the event a cancellation is accepted, canceled charges may be imposed for the entire amount of the order. Authorization for return must be requested from and approved by Customer Experience prior to the return of the merchandise. Returns may be subject to a restocking charge equivalent to 40% of the net order plus freight. Unauthorized returns will not be accepted.

Shipping

Standard shipments are made via common carrier, unless otherwise specified. Special routing requests or circumstances generated by the customer or the consignee may result in additional charges.

Additional surcharges are referred to as accessorial charges and can arise due to various factors that extend beyond the typical point-to-point transportation.

Examples of such surcharges may include but are not limited to fuel surcharges, residential delivery fees, liftgate services, inside delivery charges and re-delivery fees. Carriers also impose detention fees if the loading process takes longer than the allocated free time they allow. This fee compensates for the carrier's time and resources spent waiting.

Storage fees could also occur under certain circumstances and typically come into play when the consignee is unable to receive the goods promptly upon arrival at the destination. This delay may be due to reasons such as availability, scheduling conflicts, or other issues on the recipient's end. These fees are intended to cover the costs associated with keeping the items in storage, including warehouse space, security, and handling.

Each of these surcharges will vary depending on the carrier that is transporting the order. Please contact Customer Experience to ascertain exactly what these charges are or would be in any of the above circumstances.

Standard deliveries are dock to dock and are scheduled to occur Monday through Friday between 8 a.m. and 5 p.m.

If the delivery location has restricted delivery hours and cannot accept deliveries during normal business hours, Monday through Friday, 8 a.m. and to 5 p.m., this would require a smart delivery quote from Customer Experience. We will not be held responsible for issues or costs arising from carrier transit delays, missed delivery appointments, etc.

We reserve the right to charge for nonstandard customer delivery requirements that may include but are not limited to Residential, Lift Gate, Inside Delivery, Re-Delivery, Detention Fees (if the unloading process exceeds the standard allotted free time) and Storage.

ORDERING INFORMATION

Freight Terms

Freight terms apply to the continental U.S. only. This excludes Alaska and Hawaii. All standard transportation services and freight costs are included in the price of our products. We ship freight prepaid and allowed, FOB and origin.

Shipments outside the contiguous U.S. are shipped to the point of embarkation free of charge, if the shipment meets the minimum requirement. All subsequent freight charges will be at the customer's expense, shipped collect.

Because of the fluctuation of fuel prices, we reserve the right to impose fuel surcharges for any shipments.

Freight Damage

We are not responsible for product damage occurring in transit or during storage. Before accepting a shipment from the carrier, carefully review the packing list and inspect the quantity and condition of the items. Promptly document all visible damage on the Bill of Lading and request a carrier inspection of the product. In the event of damage, accept the order and contact Customer Experience for issue resolution. Concealed damage must be reported in writing within 60 days of accepting delivery. We will take all reasonable steps to assist customers in resolving claims for loss or damage.

Smart Delivery

Smart Delivery provides precise order delivery within a customer-specified date and time window. This special service is available in the contiguous U.S. and includes inside delivery, non-dock delivery, weekend delivery and residential delivery.

Requests must be made prior to an order being scheduled for production. A Smart Delivery fee will be added to the original order invoice. Any changes to a submitted Smart Delivery order will require a new Smart Delivery quote request. Not all change requests can be honored. Changes to an order will result in delays and/or additional costs once the order is in transit.

The Smart Delivery fee will be refunded if the shipment does not arrive within the specified delivery window. We will not be held responsible for costs or damages associated with delayed deliveries.

Please contact Customer Experience to request a Smart Delivery quote or for more information.

Will Call

Customers with Will Call orders will be notified once orders are ready to be picked up. Customers will have three business days from notification to pick up the order. If the order is not picked up within this time frame, storage charges will start at a rate of \$30 per business day until the order has been claimed.

Invoicing

Invoicing is triggered when the product ships.

Fire safety is a top priority for us. SitOnIt Seating strongly supports CAL 133 standards and makes it easy for designers and buyers to specify CAL 133 chairs.

TB 117

Under California law, all upholstered furniture must meet TB 117-2013 by January 1, 2015. At a minimum, all SitOnIt Seating fabrics, vinyl, leathers and resilient filling material (i.e., foam and Dacron) meet TB 117-2013. Unlike TB 117-2013, which tests only the inner upholstery components, with CAL 133 the entire piece of furniture must withstand ignition from a gas burner inside a testing chamber.

What is CAL 133?

CAL 133 is a standard of furniture flammability started by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as healthcare facilities, convalescent homes, public assembly areas of hotels and motels, hospitals, board and care homes, stadiums, licensed child care facilities, prisons and jails.

Notice: Starting January 1, 2020, the State of California changed regulations to ban flame retardants in upholstered furniture sold in California. We anticipate further regulatory changes in other states. The TB-133 barrier material used in our products is a flame-retardant fabric designed to pass open-flame testing protocols. The cotton/fiberglass knit is infused with a phosphorus flame retardant and coated with a chemical that expands in heat to create a physical flame barrier. The TB-133 barrier material that we use in our products is free of halogenated flame retardants, polybrominated diphenyl ethers (PBDE), formaldehyde, and antimony.

Choosing CAL 133 Textiles

Consult the individual [SitOnIt Seating fabric cards](#) to review the specifications for each fabric offered. Because we offer such a vast array of fabrics with varying degrees of flame retardancy, we suggest you consult the published technical data of the fabric supplier when making your fabric selection.

Specify CAL 133 textiles in the Material section of the Final Price Calculation worksheet or on your purchase order.

SitOnIt Seating assumes no responsibility for the flame retardancy of any customer-provided textile.

CAL 133 Testing

CAL 133 is a full-scale fire test for furniture manufactured for use in public buildings. The standards do not specify how to construct furniture, but only how it should perform when tested. To pass this fire standard test, a fire blocking liner is sandwiched between the foam and the fabric of our chairs. This liner acts as a fire extinguisher by smothering the flame.

COM/COL compliance for the CAL 133 models listed on the following page can be determined by specifying upholstery with the exact characteristics as approved SitOnIt Seating fabrics and leathers or by conducting a full chair burn test. The nondiscountable test fee for each chair-textile combination is listed below. The lead time for testing is four weeks.

Task and Side Chairs/Stools: \$600
Lounge: \$800

For more information on TB 117-2013 and CAL 133, visit the [State of California Department of Consumer Affairs](#) website.

To Order CAL 133

Allow a 10-day lead time. Clearly specify CAL 133 on your order. For each chair, add the appropriate additional charge.

CAL 133 Materials

- **CAL 133 LEATHER:** All carded leather is CAL 133 approved.
- **CAL 133 TEXTILES:** Over a thousand CAL 133 approved textiles in all grades, colors and styles are listed on the SitOnIt Seating website. Visit sitonit.net and search textiles by CAL 133 compliance, manufacturer, grade, lead time and other attributes.

To Check Seating for CAL 133

To determine whether your current SitOnIt Seating chair meets CAL 133, or to check an order you have recently received, check the bottom of the chair seat pan for the label shown below. If your chair does not have this tag, your chair does not meet CAL 133.

NOTICE

This Article is manufactured for use in public occupancies and meets the flammability requirement of California Bureau of Home Furnishings technical bulletin 133. Care should be exercised near open flame or with burning cigarettes.

CAL 133 Approved Models

The following models, when combined with approved textiles and blocker, meet the CAL 133 standard.

MULTIPURPOSE CHAIRS AND STOOLS

- Achieve: Upholstered
- Anytime: Upholstered and all plastic colors - A48, A49 (arm and armless)
- Focus Side: Upholstered and all mesh colors - A130 (arm and armless)

- Visit Modular

COM/COL AND TEXTILE TESTING PROCESS

COM/COL Warranty

Any textiles applied to furniture orders through the COM/COL process will not be covered under warranty by SitOnIt Seating. Any warranty claims for these upholstery materials will fall to the original vendor of the fabric. With a broad spectrum of harsh cleaning agents used by facilities, SitOnIt Seating recommends that the owner test each fabric selection with their specific cleaning methods before using. Additionally, SitOnIt Seating is not held responsible for receipt of defective fabrics, as we apply all COM as first-quality goods.

CAL 117 Policy

SitOnIt Seating assumes no responsibility for the fire retardancy of any COM/COL. Customers are solely responsible for making sure that their COM/COL complies with all applicable codes and regulations. For information on CAL 133, refer to page .

Excess Yardage

SitOnIt Seating is not responsible for yardage submitted to us beyond the required amount. Excess materials will be discarded at the discretion of SitOnIt Seating unless otherwise instructed by the customer at the time the order is placed. If a customer requires the excess yardage returned, they must contact Customer Experience to make arrangements. The customer will be responsible for delivery charges.

Textile Testing Process

1. Visit the [SitOnIt Seating Textile Compatibility](#) tab on our website to see if your textile has already been approved.

(If your textile is already approved, skip to step 3.
If it hasn't been previously approved, go to step 2.)

2. Send a 12" x 12" textile swatch to be tested for approval along with a completed Textile Test Request Form found on the next page.

Note Exceptions:

2 yards for testing: Axys, Billo, Clova, and Cotton Midback/Highback

1 yard for testing: Achieve Back, Cora, Focus Side Back, Freelance Back, InFlex Back, Mika, Motif, Movi, Ozmo, and all other lounge products

Allow up to five business days once your textile is received for the test results to be available on the [SitOnIt Seating Textile Compatibility](#) tab on our website.

Send the textile swatch and form to:

SITONIT SEATING

Attn: COM Engineer

SO#: _____ or Customer PO#: _____

6280 Artesia Blvd.

Buena Park, CA 90620

(714) 995-4800

3. If the swatch is approved, fill out the Upholstery Direction Form located on [page 17](#). and attach with your order.
4. Ship the necessary amount of material and your PFAS compliant certificate to:

SITONIT SEATING

Attn: COM Engineer

SO#: _____ or Customer PO#: _____

6280 Artesia Blvd.

Buena Park, CA 90620

(714) 995-4800

COM/COL fabric must have an Exemplis SO# and/or Customer PO# labeled on it at the time of Receiving or it will delay the processing of the order.

5. Send Textile Test Request Form via email to sitonit@exemplis.com

TEXTILE TEST REQUEST FORM

For all COM/COL and graded textiles that require testing, please allow five business days after fabric is delivered for test results to be available on the [SitOnIt Seating Textile Compatibility](#) tab of our website. If you need further assistance, please contact Customer Experience at (888) 274-8664.

Please complete one form for each model and/or textile that needs to be tested.

Unmatched Matching®

Textiles can be everything. With the right fabrics, you can provide atmosphere, create cohesiveness and offer an unforgettable experience across many spaces and places.

Fabric color, alignment, texture, orientation and pattern all play a part—and need to line up or match perfectly (especially with field-replaceable parts). With PatternMatch and pattern orientation, you can rest assured that every part of every chair can be traded out easily without disrupting design.

PatternMatch®

We ensure that design elements of the back, seat and arms match and/or align between seat and back. The patterns or lines also match unit-to-unit.

Pattern Orientation

All fabric (vertical, horizontal or bi-directional pattern) will be applied in the direction shown on the fabric manufacturer's website, unless otherwise specified.

To ensure desired fabric direction, use the Upholstery Direction Form on page 17 and check the appropriate box under the "Pattern Orientation" section.

When we apply a textile pattern with lines at a 90-degree angle (vertically and/or horizontally) to the back and seat of a chair, we strive to achieve full alignment. Some small variations can occur due to the shape and size of the product. Pattern Orientation is standard for SitOnIt Seating.

Multi-Upholstery

The multi-upholstery option allows one fabric to be selected for the back and a different fabric for the seat. Multi-upholstery lounge pricing is different than multi-upholstery pricing for task and side seating.

Task and Side

- Upholstery pricing is based on both seat and back being the same textile. If the material is COM/COL or more than one textile is used:
 - If two fabrics of the same grade are chosen,** one grade level will be added to the upholstery price. Example: grade 4 for the seat and a different grade 4 for the back, the upholstery price will be grade 5 for both.
 - If two fabrics of different grades are chosen,** the final upholstery price will be based on the highest grade. Example: grade 2 for the seat and grade 3 for the back, the upholstery price will be grade 3 for both.

The above upcharges only apply to chairs that have both the seat and back upholstered.

Lounge and cora

- A standard upcharge applies to all multi-upholstery orders. Different fabrics and grades may be combined because each back, seat, arm and valance are separately priced.
- Add the single multi-upholstery upcharge to the cost of the components. Example: upcharge + any grade price for the seat + any grade price for the back + any grade price for the arm.

Moisture Barrier

Accidents happen. To help protect your investment, moisture barrier for seats and backs is an option on all lounge seating products.

Specify moisture barrier seats and/or backs in the Material section of the Final Price Calculation worksheet or on your purchase order. Note that specification and pricing are separate for seat and back and apply to each single seat or back position.

UPHOLSTERY DIRECTION FORM

For all COM/COL orders or orders with custom textile upholstery directions, please complete one form for each model and/or textile.

Total Yardage Calculated (for COM/COL) _____

Total Yardage Shipped (for COM/COL) _____

(To calculate, reference COM Calculation and COM Yardage Requirement beginning on 22.)

Contains flame retardants: Yes No
Prop 65 compliant: Yes No
PFAS compliant (AB1817): Yes No

Per California Proposition 65, we are required to note that select textiles may contain chemicals known to cause cancer or reproductive toxicity. To learn more, please visit the Prop 65 web page.

Fabric Direction

To avoid confusion, you may wish to attach a sample textile with the desired face and direction indicated. Is there a desired top and bottom to the fabric application?

Yes No

Is the fabric either a stripe or two-color plaid?

Yes No

Please refer to our standard and rotated fabric directions to the right. Indicate the desired fabric direction for each applicable component below.

Seat (Ottoman Chassis): Vertical Horizontal
Back (Ottoman Top): Vertical Horizontal
Arm: Vertical Horizontal
Valance: Vertical Horizontal

Please attach this form with your order submission. If you are submitting a COM/COL order, make sure to include your PO# with the textile that you mail to our factory:

SITONIT SEATING

Attn: COM Engineer
 6280 Artesia Blvd., Buena Park, CA 90620

Vertical or Off the Roll

Horizontal or Railroaded

COM CALCULATION

Steps to Calculate COM Yardage.

1. Determine which products are being ordered as COM.
2. Find the yardage needed to upholster those products from the COM Yardage Requirement charts.
3. Adjust the yardage requirement total based on the repeat of the fabric roll using the COM Repeat Calculation table.
4. Take the final calculation and round up to the nearest half-yard to get final yardage.

For orders of 10 or more seats, contact Customer Experience for further quoting.

COM Repeat Calculation.

Use the guide below to calculate the percentage of extra upholstery required to cover large repeats.

Repeat	Railroaded/Horizontal OR Vertical/Off The Roll
5.1"– 7"	10%
7.1"–10"	15%
10.1"–14"	20%
14.1"–20"	30%
20.1"–27"	45%

Yardage requirements listed in this document are based on textile bolts/rolls that are 54" wide. Please contact Customer Experience if goods are a width other than 54".

COM Calculation Example

Below is a hypothetical scenario for how total COM yardage should be determined. This example is for a patterned textile that has a repeat.

STEP 1: DETERMINE WHICH PRODUCTS ARE BEING ORDERED AS COM

For this example order, we'll assume we need to order: 20 units of Freelance 4-leg—backs only.

STEP 2: DETERMINE THE COM YARDAGE REQUIREMENT

Looking at the COM Yardage Requirements chart that begins on [page 22](#), we see that the following yardage amounts are needed for each product:

Freelance 4-leg chair back = 0.94 yards.

Now we multiply 0.94 yards by the 20 chair backs and we get a total of 18.8 yards.

STEP 3: ADJUST THE YARDAGE REQUIREMENT TOTAL BASED ON REPEAT

Since the textile we've chosen is a pattern with a repeat, we should look at the COM Repeat Calculation table to determine our multiplier. For this example, let's assume our repeat is 11" and we're upholstering the fabric vertical/off-the-roll. Based on the table, the multiplier is 20%. Now, we need to take the 18.8 yards from step two and increase it by 20%. An easy way to calculate this is by multiplying 18.8 by 1.2, which gives us 22.6 yards.

STEP 4: ROUND TO GET THE FINAL AMOUNT NEEDED

To determine how much yardage is needed to complete this order, we take the amount from step three and round it to the nearest half-yard. In this case, that means the customer needs to send SitOnIt Seating 23 yards to complete this order.

COM/COL YARDAGE: MULTIPURPOSE AND SIDE

Combining upholstery is an option on all SitOnIt Seating upholstered products. Below are tables outlining the fabric or vinyl requirements for the entire chair as well as individual pieces. All yardage requirements are quoted in terms of yards for fabric or vinyl and square feet for leather. Please contact Customer Experience for order quantities greater than 10 seats.

CUSTOM FINISH PROGRAM

Pricing

First-time custom stains must be approved before acceptance of an order. A one-time set-up fee applies. Thereafter, a stain-to-match upcharge is applied to each chair.

LOUNGE

One-time set-up fee: \$275

Stain-to-match upcharge: \$70 List

Ordering

When ordering, enter the approved STAIN ID# in the Material section of the Final Price Calculation worksheet or on your purchase order.

Custom Finish Terms and Conditions

Wood is inherently beautiful because of natural variations in color, grain and texture. There may be minor differences from one chair to the next, even though they are finished at the same time. We cannot guarantee exact matches of grain or natural wood color.

Approval Process

Since all new stains must be approved before they can be applied to seating or tables, allow extra time for custom finishes. Custom finishes generally require at least one to two weeks to create a matched sample. We will need a signed Approval Form before we can accept your order. We reserve the right to decline the opportunity to match a finish color.

1. Send a 3" x 4" or 4" x 6" sample of the stain, along with the model numbers and options to which the finish will be applied, to:

Customer Experience
Custom Finish Program
6415 Katella Avenue
Cypress, CA 90630

Include dealer name, contact and project reference.

2. Once approved, we will send a finish sample to you along with any caveats that may apply. We will keep an identical sample in our files for future orders. Custom finishes generally require at least a week to create a matched sample.
3. Carefully review the sample. Note the STAIN ID# (example: SM#070214-1); this will be needed for your order. Return the signed approval form to Customer Experience along with your order. We need your approval before we can accept the order, schedule it for production or acknowledge a ship date.
4. Lounge orders using our stain-to-match program will have a lead time of 15 days.

Achieve

MULTIPURPOSE CHAIR

Own the space.

Achieve upholstered and plastic side chairs provide the feel of a large chair but with a clean and slender profile. The concave back and contoured seat match the natural curves of the human body, combining comfortable ergonomic support with eye-catching contemporary design. The plastic model's perforated back allows the body to breathe, keeping the user cool while seated.

MULTIPURPOSE CHAIR AND BAR STOOL

Grab and go. Anywhere.

The economical Anytime collection was designed for corporate, government and educational settings where flexibility and style are key requirements. The perforated plastic back provides ample ventilation and upholstered pads can be added for increased comfort. You can specify Anytime as fully upholstered or with an upholstered seat only. Frame colors are either black or silver. The pull handle ensures that the Anytime side chair is ready to go anytime and anywhere it is needed.

Flytech

STACKING NESTER CHAIR

Sit back. Nest forward.

As the only angled nester (that also stacks) out there, our innovative Flytech is truly a forward-leaning, space-saving solution. Chairs deploy easily and securely with a latch that locks the seat into position with a satisfying click. And the multiple mesh and upholstery options mean you can take flight anywhere.

Mesh Back

Focus Side

MULTIPURPOSE CHAIR, COUNTER STOOL AND BAR STOOL

Where comfort, style and ergonomics converge.

The revitalized Focus™ Side combines comfort and design for multi-purpose, office or reception areas. Choose either the 4-leg side chair, bar or counter stools in 3 back options – mesh, upholstered and wood. Two different frame finishes permit it to blend in—or stand out. Focus Side is part of a broad and versatile collection that includes executive and task models. Designed to complement Focus and Amplify task chairs.

Freelance

MULTIPURPOSE CHAIR, COUNTER STOOL AND BAR STOOL

Built for durability.

Imagine the versatility.

The transitional design of Freelance side chairs works well in lobby areas, workstations and offices. The comfortable, curved seat and structural integrity has made it a high-demand, multipurpose chair. Two frame/arm finish combinations create variety. Freelance is a broad collection of 4-leg chair, counter and bar stools.

InFlex

MULTIPURPOSE CHAIR, COUNTER STOOL AND BAR STOOL

Geometry in motion.

Designed by Giancarlo Piretti, this multipurpose, stacking chair offers contemporary styling and spine-friendly comfort—at an affordable price.

Versatile InFlex comes in both plastic stacking side models and upholstered side, task and stool versions. The contemporary styling of this Piretti chair emulates the human spine. Its innovative flex-back disc system, with 13 degrees of back angle range, is as clever as it is comfortable.

Ioniq

SIDE CHAIR

Inspire unique.

There's a specialness that flows through Ioniq. Its form and feeling are fluid—from the way the arms stretch seamlessly out of a sculpted shell to base options that are as varied and versatile as the spaces they occupy. Because when you desire aesthetics that elevate any experience and offer something refreshingly different, there's only one go-to. And that's Ioniq.

Mika

MULTIPURPOSE CHAIR, COUNTER STOOL AND BAR STOOL

Design above.

Mika sits above most others in its class—and not just because it was a multi-award winner. Mika is elevated. Upholstered or non-upholstered, it reaches new heights in what a molded shell chair can be. From top to bottom, the design flows. Back and forth, the design rocks with 15 degrees of flex. Up and up, the design pushes an upholstered seat farther than ever before. And in the end, you arrive at a place of sit-ability and stack-ability hard to find in something that looks this good.

Relay

NESTER CHAIR

Durable and adaptable to the finish.

Great to look at, Relay provides lasting comfort in a stylish design that makes an appealing multipurpose seating option for meeting, training, conference and break rooms. The seat and back are molded from high-impact thermoplastic for lasting durability and comfort. Add the optional upholstered seat and back for a more sophisticated, inviting look and added comfort. Relay nesting chairs are available in black or silver frame and come with casters standard.

Rio

MULTIPURPOSE CHAIR, COUNTER STOOL AND BAR STOOL

Design that responds to you.

What goes into the award-winning line of Rio® plastic chairs? Patented flexing technology, for one. Our complete family of Rio models feature our patented Active Rebound Control (ARC) Technology®—a performance-minded flexor insert that supports a wide range of motion (20 full degrees to be exact) and responds precisely to the amount of weight pressed against it.

Add a fresh, modern color palette and you've got a seating solution that allows for more movement, day-long comfort and flexibility than any other chair in its class.

The Rio is an easy choice for multi-use spaces that require quick setups and breakdowns. Discover a collection of stackable chairs engineered to allow for better movement, applications across more environments and a longer product life.

Rowdy

MULTIPURPOSE CHAIR

Value to shout about.

Rowdy is a one-piece multipurpose chair that will fit any space and any budget. Put Rowdy anywhere from meeting, training and conference rooms to auditorium and theater settings. The built-in hand-hold in the back allows easy repositioning. Stack Rowdy up to 40 high on its optional stacking cart and whisk them away for easy storage when space is at a premium.

Wit Side

THINTEX BACK MULTIPURPOSE CHAIR

Work smarter.

A slimmer, stationary version of the task chair, our Wit Side is ideal for high-traffic settings like break rooms and cafeterias. Thanks to its ultra-lightweight frame and identical built-in pull handle, you can swing it around and rearrange spaces easily to accommodate the constant flow of crowded areas.

SUPER DUTY SERIES GUIDE

Super Duty Series

When it comes to solutions built for uncompromising reliability, durability and comfortability — there's our Super Duty Series. Every side, task and tandem chair in the series features a combination of extra size, width, weight capacity warranty and more.

LIMITED 10-YEAR WARRANTY

SitOnIt Seating warrants the Heavy Duty Series for a period of 10 years when configured to the appropriate model. Fabric and foam cushioning are covered for two years.

TEXTILE DURABILITY

SitOnIt Seating recommends textiles that are high-density and abrasion-resistant, with at least a 75,000 double rub rating.

Heavy Duty

350 LB WEIGHT CAPACITY

- Standard seat and back
- Reinforced seat and heavy duty components
- Task Chairs: Amplify, Focus, ReAlign, and TR2
- Task Stools: Non-Stop Heavy Duty Stool and TR2

Large and Tall

400 LB WEIGHT CAPACITY

- Wide seat and standard back
- Thicker and firmer seat
- Reinforced seat and heavy duty components
- Task Chairs: Amplify, Focus, and Novo

Heavy Duty XL

500 LB WEIGHT CAPACITY

- Widest back and seat
- Thickest and firmest seat and back
- Reinforced seat and back, and heavy duty components
- Task Chair: Non-Stop

SUPER DUTY SERIES GUIDE

Large and Tall Options

SitOnIt Seating Large and Tall (LT) models are available as a standard to provide a fully coordinated and cohesive family offering on our Amplify, Focus and Novo task chairs. Large and Tall accommodates users up to 400 lb and SitOnIt Seating warrants for a period of 10 years used in multi-shift (24/7) applications.

Specify Large and Tall models by using the LT suffix when ordering. Add the appropriate additional charge for each chair. The list below summarizes the model, arm styles, mechanism, frame, back and base options.

Safety First

To ensure proper cleaning and/or disinfecting, it's important to consult with facilities or safety personnel and follow the manufacturer's instructions—including detailed dilution requirements, safe application instructions, dwell time for effective disinfecting and more.

Per CDC instructions, always read and follow the directions on the label to ensure safe and effective use.

- Wear skin protection and consider eye protection for potential splash hazards
- Ensure adequate ventilation
- Use no more than the amount recommended on the label
- Use water at room temperature for dilution (unless stated otherwise on the label)
- Avoid mixing chemical products
- Label diluted cleaning solutions
- Store and use chemicals out of the reach of children and pets

Always read and follow the directions on the cleaner/disinfectant labels to ensure safe and effective use.

Clean + Disinfect

Cleaning and disinfecting are two distinct actions, and knowing the difference between the two can help promote safety in any space. This comprehensive, 2-step process requires cleaning before disinfecting.

Clean

CLEANING REMOVES GERMS

- The act of removing visible dirt and debris from objects or surfaces
- Cleaning works by using soap/detergent with water to remove impurities from surfaces either manually or mechanically
- Cleaning does not kill germs, but by removing them, it lowers their numbers and risk of spreading infection

Clean (Cont.)

CLEANING GUIDELINES AND TIPS

- Start by lightly dusting with a soft, grit-free cloth or chamois (no wiping)
- After dusting, dampen cloth or chamois with a solution of mild, non-abrasive liquid soap and water
- Wipe clean and dry with a soft, grit-free cloth, sponge or chamois
- Avoid using abrasive cleaners and steel wool to prevent scratching
- Test any cleaning method or agent in an inconspicuous area of the surface

Disinfect

DISINFECTING KILLS GERMS

- This process comes after a surface is cleaned
- Disinfecting kills germs on objects or surfaces with the use of chemicals
- Most common disinfectants include one of the following active ingredients: Quaternary Ammonium (Quats), Sodium Hypochlorite (Bleach), Hydrogen Peroxide, or 70% Isopropyl Alcohol
- EPA-registered disinfectants List N: Disinfectants for Use Against SARS-CoV-2

DISINFECTING GUIDELINES AND TIPS

- Follow the disinfectant manufacturer's instructions when applying the agent
- Once finished, remove all disinfecting agents from the surface with water and a grit-free cloth, then dry
- If not properly removed, disinfectant residue could degrade product life and appearance

Cleaning + Disinfecting efforts should be part of an organization's comprehensive systems-based approach to provide a safe and sustainable workspace.

Cleaning Our Hard Surfaces

Over 95% of the hard surfaces on our products can be cleaned/disinfected using any one of the four primary ingredients listed below.

- Bleach (Sodium Hypochlorite)
- Hydrogen Peroxide
- Quaternary Ammonium Compounds (Quats)
- 70% Isopropyl Alcohol

EXAMPLES OF HARD SURFACES THAT CAN BE DISINFECTED:

- Plastics (i.e. polyurethane and acrylic)
- Solid Surface
- Metals
- Painted Surfaces
- Laminate

EXCEPTIONS:

- Markerboard
- Veneer
- Wood Surfaces

Clean + Disinfect

Cleaning and disinfecting are two distinct actions, and knowing the difference between the two can help promote safety in any space. This comprehensive, 2-step process requires cleaning before disinfecting.

Cleaning Our Soft Surfaces

Our textiles and meshes offer a performance and cleaning story unmatched in the industry.

Our Carded Textile Program offers over 700 bleach-cleanable fabrics through our SitOnIt Seating private label and partnership textile program.

MESH:

- All of our mesh materials are bleach-cleanable. This determination is supported by 3rd-party results from completing AATCC 188 Colorfastness to Bleach testing where the subject material is submerged, and friction stirred in a diluted sodium hypochlorite solution.
- Cleaning of our mesh materials varies. Check out the [Mesh Spec + Care Guide](#) on our website for more information.

SEATING FABRICS:

- Soft surfaces on seating can vary widely from woven, knits and leather to coated textiles such as vinyl and polyurethane. Woven and knits tend to be more permeable than vinyl or polyurethane.
- Cleaning of our seating fabric materials varies. For a list of our textile spec + care guides, see the [Materials Downloads](#) on our website.
- For a list of bleach-cleanable materials, see our [Carded Library](#) and select "Bleach Cleanable" under performance.

SCREEN FABRICS:

- Cleaning of screen materials varies. For a list of our textile spec + care guides, see the [Materials Downloads](#) on our website.
- For a list of bleach-cleanable materials, see our [Carded Library](#) and select "Bleach Cleanable" under performance.

GLIDE GUIDE

For almost 25 years, SitOnIt Seating products have been expertly designed to provide the best comfort and support in the industry.

Glides are an often overlooked element in the seating specification process, but they play a crucial role in ensuring proper interface between the chair and the floor.

This application guide offers general guidelines to assist customers with choosing the best glide for their needs. The guide is based on extensive lab testing and hands-on experience with selling chairs in a variety of environments, as well as review and consultations with glide experts.

Application Guide

Material		Surfaces						
Glide Type (4-Leg)		Carpet	VCT	Vinyl	Laminate	Ceramic Tile	Hardwood	Concrete
Standard Multi-Surface Glides		Acceptable	Acceptable	Acceptable	Better	Better	NR	Better
Performance Multi-Surface Glides	Applies to Anytime, Baja, Cora, Freelance, Focus Side, InFlex, Lumin, Rio and Wit Side	Best	Better	Better	Better	Best	Better	Better

Steel Glides (Carpet Only)		Better	NR	NR	NR	NR	NR	NR

Material		Surfaces						
Glide Type (Wire Rod)		Carpet	VCT	Vinyl	Laminate	Ceramic Tile	Hardwood	Concrete
No Glides	Applies to Axy's, Baja, Lumin, Mika, Orbix, Rio, Rowdy and Sprout	Best	NR	NR	NR	NR	NR	NR
Glides	Axy's, Baja, Lumin, Mika, Orbix, Rio, Rowdy and Sprout	NR	NR	Acceptable	Better	Better	NR	Acceptable
Clear Glides With Felt	Baja, Lumin, Mika, Orbix, Rio, Rowdy and Sprout	NR	Better	Better	Best	NR	Better	NR

Felt glides are subject to wear and tear and require periodic replacement.

- **BEST:** Best choice for this application based on our testing.
- **BETTER:** Better choice for this application based on our testing.
- **ACCEPTABLE:** Acceptable choice for this application based on our testing but consider BETTER or BEST options.
- **NR:** Not recommended for this application based on our testing.

This Application Guide is provided for informational purposes only. Always follow the manufacturer's instructions for care and maintenance of your flooring. Periodic inspection and maintenance of glides is critical to minimize the risk of damage to your flooring, especially when using glides with floors that are prone to scratching and marring. Testing was performed under simulated conditions. Because a wide range of factors impact actual performance, including how your chairs are used; the state of the glides and flooring; and dirt, moisture and other environmental factors, Exemplis does not warrant you will achieve any specific result. Actual results may vary.
