
Surge™

SitOnIt • Seating®

California born and bred

We're a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for all of your spaces.

Well-made wellness.

Add elevated design and sound ergonomics to any workspace with our Surge height-adjustable table. Its rugged dual-beam base is one of the quickest to assemble in the industry and can take on extra weight, giving you more tabletop options — all while providing peace of mind with enhanced safety features, including meeting BIFMA X5.5 standards.

Easy as one, two, three.

From a speedy base assembly to three-programmable height settings for quick adjusting, Surge gets you up and running in no time. And the array of options makes space coordination a breeze.

Work with extra peace of mind knowing that the gyroscopic anti-collision sensor will stop (and retract) if anything gets in the way.

Easy-to-love design. Hard-to-find value.

Move from sitting to standing at the press of a button and feel the rush of sound ergonomics. Surge gives you the power to flow through your work with programmable settings, smooth motion, smart safety features and an array of options to fit any space.
