SitOnIt • Seating®

For Education

FOUNDATION *for* CALIFORNIA
COMMUNITY COLLEGES

Exemplis LLC, a Southern California-based manufacturer, currently offers two broad and exciting product lines to our customers: SitOnIt Seating.

As one of the leading seating manufacturers in the U.S., we are able to design and value-engineer for ergonomics, function, and price to produce the broadest range of seating to fit any educational and administrative environment. Our product offerings include seating in task, executive/conference, stacking/nesting, stools, side/guest, and modular lounge categories.

On July 7, 2016, we entered a 3-year agreement with the Foundation for California Community Colleges. This agreement allows community colleges and districts to use this contract for purchases under the bid threshold and can be accessed by other public entities such as the California State University (CSU) and University of California (UC) systems. This partnership puts a greater emphasis on providing cost savings to users, all the while allowing them to purchase products designed and manufactured in California.

The highlights of this agreement include a 54-58% discount on SitOnIt Seating, based on spend volume. Customers are served through authorized commercial furniture dealers, providing a minimum written 15-year warranty. The SitOnIt Seating brand utilizes a build-to-order manufacturing process that allows users to select the desired product(s) and options to meet their project and budget requirements, all with 2, 5, and 10-day lead times (the fastest in the industry).

If you would like additional information, please contact:
