Tariff Surcharge

Effective 3/6/2019

With the fastest lead time in the industry, SitOnIt Seating® offers high-quality seating that combines award-winning design with intelligent ergonomics. From healthcare to higher education, we've been the go-to destination for build-to-order seating since 1996.

Born and bred in California, all of our key collections are designed in-house and rigorously tested for quality control, strength and durability. We make customization easy—our user-friendly ChairBuilder® tool lets you design your dream chair with just a few clicks.

With chairs, sofas and stools for every desk, space and environment, the possibilities are endless.

DESIGN THAT GETS YOU

Discover seating engineered around you. Experience responsive design, supreme comfort and hyper-customizable features—all at value-driven prices.

OUR BUILD-TO-ORDER PROMISE

Custom-designed chairs, no waiting. Our nimble size and lean manufacturing operation means we can ship build-to-order chairs in just two days.

FASTEST SHIPPING IN THE INDUSTRY

Choose from two, five, or 10 day shipping. We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can't match.

WORLD CLASS SERVICE

We're proud to announce that we were voted "Best Customer Service" by the Office Furniture Dealer Alliance three times in the past five years.

WARRANTY

WARRANTY PERIODS:

Exemplis LLC, d.b.a. SitOnIt Seating and IDEON (hereafter referred to as the Company), warrants to the original end user that this product will be free from defects in its material and workmanship when used in a single shift (standard eight-hour day, five days per week) for the following warranty periods:

Lifetime Warranty Coverage:

- All SitOnIt Seating products, except where noted below.

12-Year Warranty Coverage:

- Amplify, Torsa, Wit and Novo used in multi-shift (24/7) applications.
- All IDEON seating and tables.

10-Year Warranty Coverage:

- Non-Stop Heavy Duty, Freelance Bariatric, and chairs purchased with a Heavy Duty ("HD") or Large and Tall ("LT") option used in multi-shift (24/7) applications.

Five-Year Warranty Coverage:

- Fabric, foam, knit back, mesh and plastic.

Two-Year Warranty Coverage:

- Fabric and foam cushioning for Non-Stop Heavy Duty, Freelance Heavy Duty and chairs purchased with an HD or LT option.

THE COMPANY DOES NOT WARRANT

- COM/COL textiles
- Product abuse or misuse
- Failure resulting from normal wear and tear
- User modification of or attachments to the product
- Products or parts not used, maintained or installed in accordance with the Company's installation, maintenance and/or applicable guidelines
- Products that are exposed to extreme environmental conditions and/or have been subject to improper storage
- Floor samples or display models
- Products purchased "as is" and/or secondhand
- Products sold by unauthorized dealers
- Creasing and/or gathering of textiles during upholstery application process
- Minor irregularities of color, surface, grain and texture
- Minor variations of color in textiles
- Variations of texture and natural markings such as neck wrinkles, scratches, backbone marks and stretch marks in leather
- Color matching of textiles exactly to samples, swatches or prior purchases

APPLICABLE PROVISIONS TO ALL PRODUCTS AND SERVICES

The Company will repair or replace with a comparable product, at its option, without charge to the original purchaser, only defective products or parts found defective during the Warranty Period. If requested by the Company, the original purchaser must return the part or product with freight or other shipping charges prepaid.

This warranty shall be effective for the applicable time period beginning from date of purchase as shown on original purchaser's original receipt or other proof of purchase.

For products purchased on or after August 1, 2012, the Company shall pay for all labor costs pre-approved by the Company. The payment of such pre-approved labor costs will be in the form of a credit to an active Company account.

There are no other warranties, expressed or implied, other than those specifically described, including, without limitations, any implied warranty or merchantability or of fitness for a particular purpose. The Company will not be responsible for incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state.

Warranty claims must be reported within 90 days of any concealed damage. The Company will advise you of the procedure to follow when making warranty claims. Call the Company at the number below to explain the defect. Give your name, address and telephone number. Please be prepared with the model number and sales order number found under the seat of the chair.

SitOnIt Seating: (888) 274-8664

IDEON: (877) 994-3366

SUSTAINABLE DESIGN

We make it easy to go green. Design an eco-friendly room from the ground up or upgrade an existing space to meet the latest environmental standards.

ANSI BIFMA

ANSI/BIFMA CERTIFIED

SitOnIt Seating and IDEON are members of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by BIFMA are approved by the American National Standards Institute (ANSI) to determine the strength and durability of seating. Although testing is not a warranty or guarantee, our products meet or exceed BIFMA and ANSI standards.

LEED CERTIFIED

Earn points toward LEED certification meet thanks to our U.S. manufacturing location and our use of recycled materials where possible.

GREENGUARD CERTIFICATION

All SitOnIt Seating and IDEON products met the rigorous criteria required by Greenguard Gold in accordance with the Collaborative for High Performance Schools.

the sustainability certification program for furniture

LEVEL CERTIFIED

Sustainability matters. That's why we've worked to achieve BIFMA level® certification for all SitOnIt Seating and IDEON products.

THE TAKE BACK PROGRAM

SitOnIt Seating and IDEON help minimize product waste by connecting our customers and dealers with third-party groups who re-direct materials that would be headed for the landfill to local non-profits and public agencies.

WE DID OUR HOMEWORK

Download detailed documents that break down the percentage of recycled content, manufacturing processes and indoor air emissions for every chair we make.

ORDERING INFORMATION

PRICING

All prices are suggested retail and are subject to change without notice. Visit our websites or contact Customer Experience for the latest pricing. Prices in effect at the time of shipment will prevail. We reserve the right to make changes in prices, models, fabrics, finishes, materials and specifications, and also discontinue models and options at any time without notice.

ORDERS

Specify model number, quantity, desired delivery date and all other applicable information. Order templates can be found in the applicable Price Guide. Orders will be accepted with an acknowledgment form governing the transaction. In the event an error is made in the manufacture of the product, the acknowledgment will be used as the resolution document. Submit orders by email or fax:

SITONIT SEATING

Email: purchaseorder@exemplis.com
Fax: (714) 995-4855

IDEON

Email: purchaseorder@ideondesign.com
Fax: (714) 995-4855

ORDER SIZE

No minimum order is required. Large orders may require additional lead time:

SITONIT SEATING

All orders in excess of 250 units

IDEON

Aviera: 50+ seat positions
Arioso, Cameo, Composium, Pasea and Visit: 25+ units

Contact Customer Experience for details.

QUANTITY DISCOUNTS

Quantity discounts for CAL 133 textiles and some shipping methods are available. See the appropriate Price Guide or contact Customer Experience for more information.

CHANGE ORDERS

Orders that have been scheduled for production may not be changed. All changes on customer orders previously acknowledged must be requested in writing and are subject to approval. Requests for changes are not deemed accepted until acknowledged. In the event a revision is accepted, change fees may apply.

ORDERS FOR PARTS

Multiple shipments may occur for orders that include parts. Hardware such as casters or cylinders will ship separately from items requiring upholstery or manufacturing labor. Multiple shipments will also occur if an order combines both parts and new chairs.

PRODUCT MODIFICATION

Special requests are available and additional charges will be determined per quotation. Up to five working days are required after the special request is received to prepare a quotation. Contact Customer Experience for details.

CANCELLATION AND RETURNS

Orders that have entered any stage of production cannot be canceled. Request for cancellations are not accepted until acknowledged. In the event a cancellation is accepted, cancellation charges may be imposed for the entire amount of the order. Authorization for return must be requested from and approved by Customer Experience prior to the return of the merchandise. Returns may be subject to a restocking charge equivalent to 40% of the net order plus freight. Unauthorized returns will not be accepted.

LEAD TIME

We have thousands of carded textiles – including vinyl and leather – that ship in two, five or 10 days. For a complete listing of textile lead times, see the Carded Textile Program section of the Textile Information Guide or visit the Textiles tab on our websites. Graded-in, COM and COL orders start production when the textile arrives from the manufacturer.

SITONIT SEATING

Lead time is two, five or 10 days based on the textile. Plastic shell colors are available in two days to three weeks. Tablet arms require three weeks.

IDEON

Lead time is 10 days. Products specified with Stain to Match have a lead time of 15 days.

Orders received by 10 a.m. Pacific Time begin assembly the next day. Orders that are “On Hold” will begin production only when all holds are released. Types of holds include:

- Credit Hold for issues related to billing and invoicing.
- Incomplete Hold if the purchase order is incomplete or illegible.
- Pricing Hold if the price on the purchase order does not match the pricing shown in the Price Guide or in our computer system.
- New Fabric Hold for non-standard textile orders without an inventory part number.
- Graded Hold is placed by the Purchasing Department while confirming delivery of graded fabric from the vendor.

Customer Experience will notify you of any holds placed on your order.

PRODUCT AND DESIGN CHANGES

We reserve the right to discontinue product lines, models and parts at any time. We also reserve the right to make changes in design and material when such action is deemed to be an improvement in design, function and/or construction.

ORDERING INFORMATION

MINIMUMS

SITONIT SEATING

There is no minimum requirement. Standard transportation freight costs are included in the price of the product.

IDEON

The freight program is designed to be delivered freight prepaid to the designated consignee, based upon a minimum of three or more items. If the shipment does not meet the minimum unit requirement, a surcharge of \$95 net per shipment will be assessed. Multiple orders for IDEON products may be combined to meet the three-piece minimum requirement, as long as all items are shipping on the same day to the same delivery location. Due to different carriers and shipping methods, IDEON cannot be combined with SitOnIt Seating products to meet the three-piece requirement.

FREIGHT TERMS

Freight terms apply to the continental U.S. only. This excludes Alaska and Hawaii. All standard transportation services and freight costs are included in the price of our products. We ship freight prepaid and allowed, FOB and origin.

Shipments outside the contiguous U.S. are shipped to the point of embarkation free of charge, if the shipment meets the minimum requirement. All subsequent freight charges will be at the customer's expense, shipped collect.

Because of the fluctuation of fuel prices, we reserve the right to impose fuel surcharges for any shipments.

SHIPPING

Standard shipments are made via common carrier, unless otherwise specified. Special routing requests made by the customer or the consignee may result in additional charges.

Standard deliveries are dock-to-dock and are scheduled to occur Monday through Friday between 8 a.m. and 5 p.m., based on our published transit times. We will not be held responsible for issues or costs arising from carrier transit delays, missed delivery appointments, etc. We reserve the right to charge for non-standard customer delivery requirements that may include order deliveries, inside deliveries, etc. For information concerning these charges, contact Customer Experience.

SMART DELIVERY

Smart Delivery provides precise order delivery within a customer-specified date and time window. This special service is available in the contiguous U.S. and includes inside delivery, non-dock delivery, weekend delivery and residential delivery.

Requests must be made prior to an order being scheduled for production. A Smart Delivery fee will be added to the original order invoice. Any changes to a submitted Smart Delivery order will require a new Smart Delivery quote request. Not all change requests can be honored. Changes to an order will result in delays and/or additional costs once the order is in transit.

The Smart Delivery fee will be refunded if the shipment does not arrive within the specified delivery window. We will not be held responsible for costs or damages associated with delayed deliveries.

Please contact Customer Experience to request a Smart Delivery quote or for more information.

FREIGHT DAMAGE

We are not responsible for product damage occurring in transit or during storage. Before accepting a shipment from the carrier, carefully review the packing list and inspect the quantity and condition of the items. Promptly document all visible damage on the Bill of Lading and request a carrier inspection of the product. In the event of damage, accept the order and contact Customer Experience for issue resolution. Concealed damage must be reported in writing within 15 days of accepting delivery. We will take all reasonable steps to assist customers in resolving claims for loss or damage.

WILL CALL

Customers with Will Call orders will be notified once orders are ready to be picked up. Customers will have three business days from notification to pick up the order. If the order is not picked up within this time frame, storage charges will start at a rate of \$30 per business day until the order has been claimed..

INVOICING

Invoicing is triggered when the product ships.

CAL 133

Fire safety is a top priority for us. SitOnIt Seating and IDEON strongly support CAL 133 standards and make it easy for designers and buyers to specify CAL 133 chairs.

TB 117

Under California law, all upholstered furniture must meet TB 117-2013 by January 1, 2015. At a minimum, all SitOnIt Seating and IDEON fabrics, vinyl, leathers and resilient filling material (i.e., foam and Dacron) meet TB 117-2013. Unlike TB 117-2013, which tests only the inner upholstery components, with CAL 133 the entire piece of furniture must withstand ignition from a gas burner inside a testing chamber.

WHAT IS CAL 133?

CAL 133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as healthcare facilities, convalescent homes, public assembly areas of hotels and motels, hospitals, board and care homes, stadiums, licensed child care facilities, prisons and jails.

CHOOSING CAL 133 TEXTILES

Consult the individual SitOnIt Seating and IDEON fabric cards to review the specifications for each fabric offered. Because we offer such a vast array of fabrics with varying degrees of flame retardancy, we suggest you consult the published technical data of the fabric supplier when making your fabric selection.

Specify CAL 133 textiles in the Material section of the Final Price Calculation worksheet or on your purchase order.

SitOnIt Seating and IDEON assume no responsibility for the flame retardancy of any customer-provided textile.

CAL 133 TESTING

CAL 133 is a full-scale fire test for furniture manufactured for use in public buildings. The standards do not specify how to construct furniture, but only how it should perform when tested. To pass this fire standard test, a fire blocking liner is sandwiched between the foam and the fabric of our chairs. This liner acts as a fire extinguisher by smothering the flame.

COM/COL compliance for CAL 133 models listed above can be determined by specifying upholstery with the exact characteristics as approved textiles or by conducting a full chair burn test. There is a non-discountable test fee for each chair-textile combination plus the cost of the chair. The lead time for testing is four weeks.

SitOnIt Seating

\$600

IDEON

\$800

For more information on TB 117-2013 and CAL 133 visit the State of California Department of Consumer Affairs website.

TO ORDER CAL 133

Allow a 10-day lead time. Clearly specify CAL 133 on your order. For each chair add the appropriate additional charge.

CAL 133 COM/COL

COM/COL compliance for CAL 133 models listed above can be determined by specifying upholstery with the exact characteristics as approved SitOnIt Seating fabrics and leathers or by conducting a full chair burn test. The non-discountable test fee for each chair-textile combination is \$600 net plus the cost of the chair. The lead time for testing is four weeks.

CAL 133 LEATHER

All carded leather is CAL 133 approved.

CAL 133 PLASTIC

All our plastic chairs are CAL 133 approved except our Achieve collection.

CAL 133 TEXTILES

Over a thousand CAL 133 approved textiles in all grades, colors and styles are listed on the SitOnIt Seating website. Visit sitonit.net and search textiles by CAL 133 compliance, manufacturer, grade, lead time and other attributes.

TO CHECK PURCHASED SEATING FOR CAL 133

To determine whether your current SitOnIt Seating chair meets CAL 133, or to check an order you have recently received, check the bottom of the chair seat pan for the label shown below. If your chair does not have this tag, your chair does not meet CAL 133.

CAL 133 APPROVED MODELS

The following models when combined with approved textiles and blocker meet the CAL 133 standard:

SitOnIt Seating

Achieve – Upholstered
Amplify – Upholstered and all mesh colors
Anytime – Upholstered and all plastic colors: A48, A49 (arm & armless)
Focus Side – Upholstered and all mesh colors A130 (arm & armless)

NOTICE

This Article is manufactured for use in public occupancies and meets the flammability requirement of California Bureau of Home Furnishings technical bulletin 133. Care should be exercised near open flame or with burning cigarettes.

MULTI-UPHOLSTERY

The multi-upholstery option allows one fabric to be selected for the back and a different fabric for the seat. Multi-upholstery pricing is different for SitOnIt Seating and IDEON.

SITONIT SEATING

Upholstery pricing is based on both seat and back being the same textile. Otherwise:

- If two fabrics of the same grade are chosen, one grade level will be added to the upholstery price.
- Example: grade 4 for the seat and a different grade 4 for the back, the upholstery price will be grade 5 for both.
- If two fabrics of different grades are chosen, the final upholstery price will be based on the highest grade.
- Example: grade 2 for the seat and grade 3 for the back, the upholstery price will be grade 3 for both.

IDEON

A standard upcharge applies to all multi-upholstery orders. Different fabrics and grades may be combined because back, seat, arm and valance are separately priced.

- Add the single multi-upholstery upcharge to the cost of the components. Example: upcharge + any grade price for the seat + any grade price for the back + any grade price for the arm.

FABRIC DIRECTION

Patterned fabric may be oriented to your liking. Each upholstered component (seat, back, arm, valance) can be positioned independently.

Dotted lines on the chair images on the Custom Upholstery Order Form on page 18 represent how we judge how directional patterns travel. If you wish the pattern to travel according to our standard direction for each component, do nothing or add “S” to the manufacturer/pattern/colorway information on your order. If you wish the pattern to be rotated, select “Rotate Fabric Direction 90 Degrees” in the Final Price Calculation worksheet or add “R” to the manufacturer/pattern/colorway information on your order. To ensure desired fabric direction, use the Custom Upholstery Order Form on page 18.

All fabric will be applied in the standard direction unless otherwise specified. Since some fabrics may be bi-directional with a subjective dominate direction, SitOnIt Seating reserves the right to use its own judgment and will apply the fabric in what is determined to be the best manner. To ensure we meet your expectations, some upholstery selections may require visual verification prior to production. Visual verification orders will not be scheduled for production or acknowledged with a ship date until the customer has approved the visual image.

MAINTENANCE/CLEANING

We make it easy to go green. Design an eco-friendly room from the ground up or upgrade an existing space to meet the latest environmental standards.

With routine care and maintenance, your new SitOnIt Seating or IDEON chair should provide years of comfortable and trouble-free seating. Occasional light cleaning is all that is necessary.

Chairs are made from a variety of materials including plastic, metal, wood, laminate and fabric. Each material has specific cleaning requirements. Follow the general guidelines below for best results and preservation of the warranty.

- Regularly clean chair fabric by vacuuming or light brushing
- Always check code before deciding which cleaning products to use
- Test cleaning product in an inconspicuous area first to guard against color bleeding or fabric shrinkage
- Follow all directions and advice of cleaning agent manufacturer

PLASTIC

“Plastic” is commonly used to describe a multitude of chair components, from polyurethane shells and hard nylon glides and casters to soft, malleable arm pads and flexible and durable ballistic nylon upholstery.

Ordinary soil acquired through normal use can be cleaned with a damp, soft cloth or sponge and a nonabrasive surface cleaner. If a scrub brush is needed, make sure it has a soft bristle to prevent scratching. Successive cleaning may be required using a soft brush and 70% isopropyl alcohol

METAL AND LAMINATES

For normal cleaning, use a damp cloth or wet cheesecloth with a mild, nonabrasive detergent solution. After cleaning, use a damp, clean cloth with water to rinse the surface removing and soap residue then wipe with a clean dry cloth.

Avoid harsh chemical or abrasive cleaning compounds.

WOOD & VENEER

For optimum wood and veneer care, dust regularly with a slightly damp, soft, lint-free cloth then wipe with a soft, dry cloth in the direction of the grain.

Use cleaning products that advertise “for wood use.” Avoid harsh chemical or abrasive cleaning compounds. Mild detergents or other solvents such as isopropyl alcohol will degrade the clear coat and sealer over time. For best results, use products free of wax and silicones.

FABRIC

SitOnIt Seating and IDEON have adopted industry standards for fabric cleanability. Fabrics are marked with a code indicating the appropriate cleaning method. This information is available on the textile cards for the various collections and is available on our website at sitonit.net or ideondesign.com. The code may be printed on a label under seat cushion. Use the following cleaning codes as a guide for spot removal and overall cleaning.

CLEANING CODE	DESCRIPTION
BC:	Bleach cleanable. Bleach cleanability is desirable for any fabric that may need to be disinfected or sterilized. All mesh fabrics are bleach cleanable. The Centers for Disease Control recommends a 1:10 diluted solution of household bleach for these purposes.
D:	Dry clean only.
L:	Clean with warm water and mild soap.
S:	Only pure, water-free solvents may be used.
W:	Water- based cleaning agents or foam may be used. CAUTION: Use of water-based or detergent-based solvents may cause spotting, shrinking and/or permanent water stains. Solvent cleaning agents will not remove water stains.
WS:	Clean with water-based cleaning agents, foam or pure, water free solvents (Energine, Carbona, Renuzit or other similar products). Vacuuming or light brushing is recommended to prevent dust or soil buildup.
X:	Vacuum only. Clean these fabrics by vacuuming or light brushing to prevent accumulation of dust and grime. Weekly vacuuming is recommended.

CAUTION

Follow the manufacturer's directions printed on all cleaning agents. Wear eye protection and gloves if advised to do so and do not breathe fumes from cleaning solutions.

Before cleaning an unfamiliar material with an untried cleaner it is best to try cleaning a small spot in an inconspicuous area first.

Store and dispose of cleaning materials properly.

Chairs may contain components made from plastic, wood, metal and fabric. Many cleaning materials may work for one material but not another. Use cleaners only on intended surfaces and take care not to spill on other surfaces.

Reference to commercial products or trade names does not imply endorsement by Exemplis or bias against those not mentioned.

CUSTOM FINISH PROGRAM

PRICING

First-time custom stains must be approved before acceptance of an order. A one-time net fee applies if stains are not in our library. Thereafter, a stain-to-match upcharge is applied to each chair.

SITONIT SEATING

Stain not in our library: \$350 Net

Stain-to-match upcharge: \$55 List

IDEON

Stain not in our library: \$275 Net

Stain-to-match upcharge: \$70 List

APPROVAL PROCESS

Since all new stains must be approved before they can be applied to seating or tables, allow extra time for custom finishes. Custom finishes generally require at least one to two weeks to create a matched sample. We will need a signed approval form before we can accept your order. We reserve the right to decline the opportunity to match a finish color.

1. Send a 3" x 4" or 4" x 6" sample of the stain, along with the model numbers and options to which the finish will be applied, to:

Customer Experience
Custom Finish Program
6415 Katella Avenue
Cypress, CA 90630

Include dealer name, contact and project reference.

2. Once approved, we will send a finish sample to you along with any caveats that may apply. We will keep an identical sample in our files for future orders. Custom finishes generally require at least a week to create a matched sample.
3. Carefully review the sample. Note the STAIN ID# (example: SM#070214-1); this will be needed for your order. Return the signed approval form to Customer Experience along with your order. We need your approval before we can accept the order, schedule it for production or acknowledge a ship date.
4. IDEON orders using our stain-to-match program will have a lead time of 15 days.

ORDERING

When ordering, enter the approved STAIN ID# in the Material section of the Final Price Calculation worksheet or on your purchase order.

CUSTOM FINISH TERMS & CONDITIONS

Wood is inherently beautiful because of natural variations in color, grain and texture. There may be minor differences from one chair to the next, even though they are finished at the same time. We cannot guarantee exact matches of grain or natural wood color.

GLIDE GUIDE

For over 20 years, SitOnIt Seating products have been expertly designed to provide the best comfort and support in the industry.

Glides are an often overlooked element in the seating specification process, but they play a crucial role in ensuring proper interface between the chair and the floor.

This application guide offers general guidelines to assist customers with choosing the best glide. The guide is based on extensive lab testing and hands-on experience with selling chairs in a variety of environments, as well as review and consultations with glide experts.

Best - Best choice for this application based on our testing.*

Better - Better choice for this application based on our testing.*

Acceptable - Acceptable choice for this application based on our testing but consider BETTER or BEST options.*

NR - Not recommended for this application based on our testing.*

**This Application Guide is provided for informational purposes only. Always follow the manufacturer's instructions for care and maintenance of your flooring. Periodic inspection and maintenance of glides is critical to minimize the risk of damage to your flooring, especially when using glides with floors that are prone to scratching and marring. Testing was performed under simulated conditions. Because a wide range of factors impact actual performance, including how your chairs are used; the state of the glides and flooring; and dirt, moisture and other environmental factors, Exemplis does not warrant you will achieve any specific result. Actual results may vary.*

COM/COL WARRANTY

Any textiles applied to furniture orders through the COM/COL process will not be covered under warranty by SitOnIt Seating/IDEON. Any warranty claims for these upholstery materials will fall to the original vendor of the fabric. With a broad spectrum of harsh cleaning agents used by facilities, SitOnIt Seating/IDEON recommends that the owner test each fabric selection with their specific cleaning methods before using. Additionally, SitOnIt Seating/IDEON is not held responsible for receipt of defective fabrics, as we apply all COM as first-quality goods.

CAL 117 POLICY

SitOnIt Seating/IDEON assumes no responsibility for the fire retardancy of any COM/COL. Customers are solely responsible for making sure that their COM/COL complies with all applicable codes and regulations. For information on CAL 133, refer to page 11.

COM/COL PROCESS

1. Visit the SitOnIt Seating Textile Compatibility website to see if your COM/COL textile has already been approved.
(If your textile is already approved, skip to step 3. If it hasn't been previously approved, go to step 2.)

2. Send a 12" x 12" textile swatch* to be tested for approval along with a completed COM/COL Test Request Form found on the next page. Allow two business days once your textile is received for the test results to be available on the SitOnIt Seating Textile Compatibility website. Send the textile swatch and form to:

SitOnIt Seating/IDEON,
Attn: COM Engineer
6280 Artesia Blvd.
Buena Park, CA 90620

3. If the COM/COL swatch is approved, fill out the Customer Upholstery Form located on page 18 and attach with your order.
4. Ship the necessary amount of COM or COL material and the purchase order number to:

SitOnIt Seating/IDEON,
Attn: COM Engineer
6280 Artesia Blvd.
Buena Park, CA 90620

COM EXCESS YARDAGE

SitOnIt Seating/IDEON is not responsible for yardage submitted to us beyond the required amount. Excess COM/COL materials will be discarded at the discretion of SitOnIt Seating/IDEON unless otherwise instructed by the customer at the time the order is placed. If a customer requires the COM/COL excess yardage returned, they must contact Customer Experience to make arrangements. The customer will be responsible for delivery charges.

**Freelance back, InFlex back, Focus Side back and Achieve back require 0.75 yards of fabric to be sent for testing.*

COM/COL TEST REQUEST FORM

Please complete one of these forms for each model and/or textile that needs to be tested.

Total Yardage Shipped (for COM/COL) _____

To calculate, reference COM Calculation and COM Yardage Requirement on pages 19-23.

Per California Proposition 65, we are required to note that select textiles may contain chemicals known to cause cancer or reproductive toxicity.
To learn more, please visit <https://oehha.ca.gov/proposition-65/proposition-65-list>.

FABRIC DIRECTION

To avoid confusion, you may wish to attach a sample textile with the desired face and direction indicated.

Is there a desired top and bottom to the fabric application?

☐ Yes ☐ No

Is the fabric a stripe or two-color plaid?

☐ Yes ☐ No

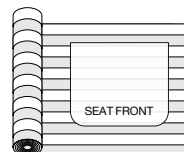

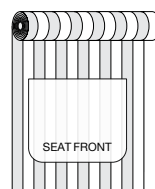

Our standard and rotated fabric directions to the right.
Indicate the desired fabric direction for each applicable component in the check boxes below.

Seat (ottoman side):	<input type="checkbox"/> Vertical or Off The Roll	<input type="checkbox"/> Horizontal or Railroaded
Back (ottoman top):	<input type="checkbox"/> Vertical or Off The Roll	<input type="checkbox"/> Horizontal or Railroaded
Arm:	<input type="checkbox"/> Vertical or Off The Roll	<input type="checkbox"/> Horizontal or Railroaded
Valance:	<input type="checkbox"/> Vertical or Off The Roll	<input type="checkbox"/> Horizontal or Railroaded

Please attach this form with your order submission.

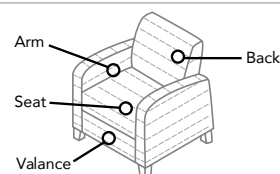

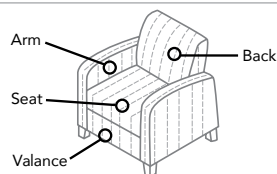

If you are submitting a COM/COL order, make sure to include your PO# with the textile that you mail to our factory:

COM CALCULATION

STEPS TO CALCULATE COM YARDAGE

1. Determine which products are being ordered as COM
2. Find the yardage needed to upholster those products from the COM Yardage Requirement charts
3. Adjust the yardage requirement total based on the repeat of the fabric roll using the COM Repeat Calculation table
4. Take the final calculation and round up to the nearest half-yard to get final yardage

For orders of 10 or more seats, contact Customer Experience for further quoting.

COM CALCULATION EXAMPLE

Below is a hypothetical scenario for how total COM yardage should be determined. This example is for a patterned textile that has a repeat.

STEP 1: DETERMINE WHICH PRODUCTS ARE BEING ORDERED AS COM.

For this example order, we'll assume we need to order: 20 units of Freelance four-leg - backs only

STEP 2: DETERMINE THE COM YARDAGE REQUIREMENT.

Looking at the COM Yardage Requirements chart that begins on page 20, we see that the following yardage amounts are needed for each product:

Freelance four-leg chair back = 0.94 yards.
Now we multiply 0.94 yards by the 20 chair backs and we get a total of 18.8 yards.

STEP 3: ADJUST THE YARDAGE REQUIREMENT TOTAL BASED ON REPEAT.

Since the textile we've chosen is a pattern with a repeat, we should look at the repeat calculation table (on page 23) to determine our multiplier. For this example, let's assume our repeat is 11" and we're upholstering the fabric vertical/off-the-roll. Based on the table, the multiplier is 20%. Now, we need to take the 18.8 yards from step two and increase it by 20%. An easy way to calculate this is by multiplying 18.8 by 1.2, which gives us 22.6 yards.

STEP 4: ROUND TO GET THE FINAL AMOUNT NEEDED.

To determine how much yardage is needed to complete this order, we take the amount from step three and round it to the nearest half-yard. In this case, that means the customer needs to send SitOnIt Seating/IDEON 23 yards to complete this order.

COM YARDAGE REQUIREMENT

Combining upholstery is an option on all SitOnIt Seating upholstered products. Below are tables outlining the fabric or vinyl requirements for the entire chair as well as individual pieces. All yardage requirements are quoted in terms of yards for fabric or vinyl and feet for leather. Please contact Customer Experience for order quantities greater than 10 seats.

COM REPEAT CALCULATION

Yardage requirements listed in this document are based on textiles bolts/rolls that are 54" wide. Please contact Customer Experience if goods are a width other than 54" W. Please use the guide below to calculate the percentage of extra upholstery required to cover large repeats.

REPEAT	RAILROADED/HORIZONTAL OR VERTICAL/OFF THE ROLL
5.1" - 7"	10%
7.1" - 10"	15%
10.1" - 14"	20%
14.1" - 20"	30%
20.1" - 27"	45%

HEAVY DUTY SERIES

SitOnIt Seating Heavy Duty Series offers an unmatched combination of strength, comfort and ergonomic support to accommodate various users, all at a value driven price point, in addition to standard two-, five- and 10-day lead times. The series features heavy-duty construction for a 24-hour multi-shift usage.

LIMITED 10-YEAR WARRANTY

SitOnIt Seating warrants the Heavy Duty Series for a period of 10 years when configured to the appropriate model. Fabric and foam cushioning are covered for two years.

TEXTILE DURABILITY

SitOnIt Seating recommends textiles that are high density and abrasion-resistant, with at least a 75,000 double rub rating.

HEAVY DUTY GUIDE

SitOnIt Seating offers various task and side models that are rated up to 350 lbs, 400 lbs, 500 lbs and 1,000 lbs. To assist you, this guide helps you choose the right seating solution based on your requirements.

HEAVY DUTY SERIES

LARGE & TALL

SitOnIt Seating Large & Tall (LT) models are available as a standard to provide a fully coordinated and cohesive family offering on our Amplify, Focus and Novo task chairs. Large & Tall accommodates users up to 400 lbs and SitOnIt Seating warrants for a period of 10 years used in multi-shift (24/7) applications.

Specify Large & Tall models by using the LT suffix when ordering. Add the appropriate additional charge for each chair. The list below summarizes the model, arm styles, mechanism, frame, back and base options.

UNDERSTANDING COMPONENT PRICING

This SitOnIt Seating Price Guide features component pricing. Component pricing puts you in the driver's seat: it is designed to show you exactly what you are paying for.

The following pages provide the specific product information that will help you price and create a custom model number for your chair or stool.

Begin at step one by choosing a model. Work your way through the worksheet by choosing arm, back, valance and foot styles. Select the accessories and textiles you desire (sequence and number of steps will vary depending on product).

The choices you make will either add to or subtract from the prominently listed base price. Standard features add nothing to the base price, and some choices are even a deduction! At the Final Price Calculation step, simply enter the item codes and add up the pricing.

Specify the quantity desired and your requested delivery date, then fax the worksheet along with your P.O. number, contact information and company's order form (including bill-to information) to (714) 995-4855 or email to purchaseorder@exemplis.com.

All products, prices and codes are subject to change. For the most current information, see the SitOnIt Seating Price Guide online at sitonit.net.

MESH BACK TASK CHAIR

Sleek, aerodynamic lines give the Amplify collection power, with a look of modern design and sumptuous comfort. Midback and highback mesh chairs are available in multiple frame, arm and base colors. The mesh back features adjustable lumbar bands that provide optimum ergonomics. The comfortable mesh back model comes in 10 colors and the upholstered waterfall seat is available in 10 fabric or leather textile grades with optional contrast stitching. Amplify offers more built-in features than any other chair in its class, with enhanced synchro, height-adjustable arms and adjustable lumbar support all standard. The curvaceous profile and soft, textured arm pads make this a chair that delivers style as well as substance.

The power of more.

GOOD :: \$569

Midback, black frame, swivel tilt mechanism, height-adjustable arms, black nylon base, grade 1 textile.

AMPLIFY

UPHOLSTERED BACK TASK STOOL

Sleek, aerodynamic lines give the Amplify collection power, with a look of modern design and sumptuous comfort. The highback upholstered stool is available in three frame, arm and base colors. The fully upholstered highback introduces Dynamic Lumbar, a patent-pending adjustable lumbar support adjustment positioned deep within the padding for matchless comfort and maximum ergonomics. The curvaceous profile and soft, textured arm pads make this a chair that delivers style as well as substance.

The power of more.

\$745

Highback upholstered, basic mechanism, black frame, height-adjustable arms, black nylon base, black carpet casters, grade 1 textile.

FOCUS

MESH BACK TASK STOOL

Our Focus collections create camaraderie within any setting, whether around a conference table, in a healthcare office or at an educational facility. Focus is an extensive and adaptable assemblage that includes executive, task, side and stool models. Just imagine the possibilities!

Where comfort, style and ergonomics converge.

\$742

Highback mesh task stool, basic mechanism, height-adjustable arms, nylon base, grade 1 textile.

FOCUS

CATEGORY: TASK STOOL

BASE PRICE: \$742

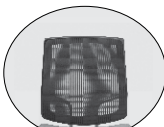

GSA SIN #: 711-18

The Focus stool's smart styling matches the Focus chair with the collection's signature sculpted back with integrated lumbar and unique Y-shaped back support. Add the optional adjustable lumbar support for even more comfort. This task stool is a comfortable complement to the collection and fits a variety of work settings from open offices to lunchrooms to workstations or wherever collaboration happens.

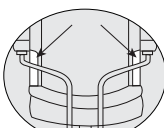

FEATURES:

- Ergonomic back support and comfort
- Midback and highback upholstered or mesh back
- Three solid mesh colors and two sport striped patterns
- Adjustable lumbar option
- Four adjustable arm styles with standard or sport arm pads plus fixed arms
- Black or silver accents
- Waterfall seat
- Optional Sport casters

FOCUS SIDE

MULTIPURPOSE CHAIR

Our Focus collections create camaraderie within any setting, whether around a conference table, in a healthcare office or at an educational facility. Focus is an extensive and adaptable assemblage that includes executive, task, side and stool models. Just imagine the possibilities!

Where comfort, style and ergonomics converge.

GOOD :: \$352

Upholstered seat, standard multi-surface glides, armless, grade 1 textile.

BETTER :: \$410

Upholstered seat, standard multi-surface glides, arms, grade 1 textile.

BEST :: \$575

Upholstered seat, clear maple slotted wood back, arms, casters, grade 1 textile.

FOCUS SIDE

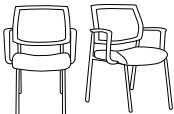

CATEGORY: MULTIPURPOSE CHAIR

BASE PRICE: \$410

GSA SIN #: 711-19

The revitalized Focus Side combines comfort and design for lobby, office, or reception areas. Choose the four-leg side chair in three back options—mesh, wood and upholstered. Two different frame finishes permit it to blend in—or stand out. A waterfall seat, molded foam cushion and back support ensure comfort. Focus Side is part of a broad and versatile collection that includes executive, task and stool models.

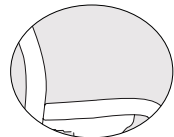

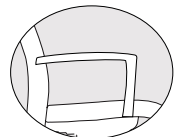

1. Frame Information

FOCUS SIDE

COUNTER & BAR STOOL

With styling that echoes the rest of the collection and its signature sculpted back, the Focus Side counter and bar stools are the perfect complement to any work, break or collaboration space. Like the Focus Side, it is exceptionally ergonomic and versatile. The counter and bar stools are part of a broad collection of chairs for executive, task and side applications.

Where comfort, style and ergonomics converge.

GOOD :: \$502

Bar stool, upholstered seat, standard multi-surface glides, armless, black frame, grade 1 textile.

BETTER :: \$560

Bar stool, upholstered seat, standard multi-surface glides, fixed arms, grade 1 textile.

BEST :: \$685

Bar stool, upholstered seat, clear maple solid wood back, fixed arms, standard multi-surface glides, black frame, grade 1 textile.

FOCUS SIDE

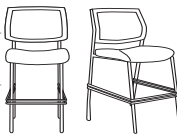

CATEGORY: COUNTER & BAR STOOLS

BASE PRICE: \$560

GSA SIN #: 711-18

The revitalized Focus Side counter and bar stools combine comfort and design for lobby, office, or reception areas. Choose among three back options—mesh, wood and upholstered. Two different frame finishes permit it to blend in—or stand out. A waterfall seat, molded foam cushion and back support ensure comfort. The Focus Side counter and bar stools are part of a broad and versatile collection that includes executive, task and side models.

MULTIPURPOSE CHAIR

The transitional design of Freelance side chairs works well in lobby areas, workstations and offices. The comfortable, curved seat and structural integrity has made it a high-demand, multipurpose chair. Three frame/arm finish combinations create variety. Add casters or arms, a book rack or tablet arm for ultimate mobility and flexibility in training rooms and collaborative spaces. Freelance is a broad collection of four-leg, sled and bariatric chairs, counter and bar stools.

*Built for durability.
Imagine the versatility.*

NON-STOP HEAVY DUTY TASK CHAIR

Non-Stop Heavy Duty is a powerful combination of durability and comfort for task-intensive environments. Non-Stop differs from the typical chair construction in that all mounting points – seat to mech, arms to seat and J-bar to back – are re-enforced with heavy gauge steel mounting brackets. These solid steel fasteners are second to none for reliability and ergonomic comfort in high-intensity environments where chairs perform all day, every day and support a wide range of users. Non-Stop is available in two sizes with five arm and multiple control options. These heavy duty chairs are rated to accommodate users up to 350 or 500 pounds and easily handle the demands of 24-hour environments.

Around-the-clock comfort.

GOOD :: \$1,457

Task size two, swivel tilt mechanism, height-adjustable arms, black nylon base, grade 1 textile.

BETTER :: \$1,517

Task size two, multi-function mechanism, height-adjustable arms, black nylon base, grade 1 textile.

BEST :: \$2,154

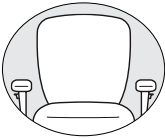

Task size three, dual torsion mechanism, large loop arms, polished aluminum base, grade 1 textile.

NON-STOP HEAVY DUTY

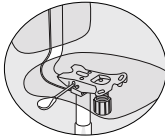

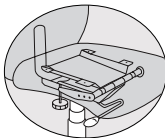

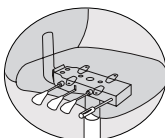

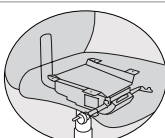

CATEGORY: TASK CHAIR
BASE PRICE: \$1,517
GSA SIN #: 711-18

Designed for durability and backed by solid steel, Non-Stop delivers ergonomic comfort for high-intensity 24-hour environments like healthcare, call centers or public safety. It's a perfect fit where chairs need to perform all day, every day.

ONCALL

MULTIPURPOSE CHAIR, COUNTER & BAR STOOL

Practical, solid wire frame design and stackability make OnCall ideal for multipurpose use. It's a value-priced solution for meeting rooms and break areas as well as labs and educational environments. The plastic model offers value while upholstered models ensure a more comfortable sit. Add a book rack for a classroom. A half-circle back cutout serves as a handle to move the side chair, task chair or stool anywhere.

High performance, low maintenance.

\$184

All plastic,
armless.

ONCALL

CATEGORY: MULTIPURPOSE CHAIR AND BAR STOOL

BASE PRICE: **\$184**

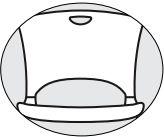

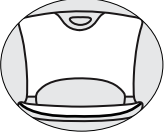

GSA SIN #: **711-19**

The OnCall plastic side chair is a chic, lightweight and affordable choice for guest seating. Available in nine designer plastic colors or thousands of upholstery choices, and featuring the collection's signature crescent handle and back cut-out, this side chair brings a side of style to pull-up meetings, lunchrooms or training sessions.

PRAVA

CONFERENCE CHAIR

The Jorge Pensi-designed Prava chair has double-stitched detailing and revolutionary molded-foam construction. The midback model is ideal for conference room use while the highback is well suited for any executive. A plush foam cushion in the center of the backrest offers ultimate comfort. A wide array of comfort and control options are available including three arm styles, choice of swivel tilt, knee tilt or enhanced synchro adjustments, and three types of highback headrests. Modern and sophisticated with restrained elegance, Prava embodies the precise balance between refinement and comfort.

Command performance.

RIO

MULTIPURPOSE CHAIR, COUNTER & BAR STOOL

What goes into an award-winning plastic chair? Patented flexing technology, for one. Add a fresh, modern color palette and an extra-slim, stackable frame and you've got a multipurpose seating solution that allows for more movement, day-long comfort and flexibility than any other chair in its class. Our complete family of Rio® models feature our patented Active Rebound Control (ARC) Technology®—a performance-minded flexor insert that supports a wide range of motion (20 full degrees to be exact) and responds precisely to the amount of weight pressed against it. The Rio is an easy choice for multi-use spaces that require quick set-ups and breakdowns. Discover a line engineered to allow for better movement, applications across more environments and a longer product life.

Design that responds to you.

GOOD :: \$210

All plastic seat and back,
armless, standard
multi-surface glides.

ROWDY

MULTIPURPOSE CHAIR

Rowdy is a one-piece multipurpose chair that will fit any space and any budget. Put Rowdy anywhere from meeting, training and conference rooms to auditorium and theater settings. The built-in hand-hold in the back allows easy repositioning. Stack Rowdy up to 40 high on its optional stacking cart and whisk them away for easy storage when space is at a premium.

Value to shout about.

\$151

All plastic seat & back, armless.

ROWDY

CATEGORY: MULTIPURPOSE CHAIR

BASE PRICE: \$151

GSA SIN #: 711-19

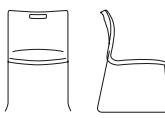

A lightweight one-piece shell—complete with back hand-hold for convenient transport—makes Rowdy an outstanding multi-purpose chair. An optional upholstered seat provides a generous, enduring sit while its continuous wire frame and ridged back give it critical strength.

TORSA

TASK CHAIR

Cutting-edge design and the ability to personalize frame, arm, and mesh color combinations make Torsa the natural preference for a fresh, clean style. The innovative cable-driven synchro mechanism with Comfort Drive® allows easy fingertip adjustment from a seated position. And remarkably, excellent ergonomics come standard with adjustable lumbar support and seat depth adjustment.

Inspired by nature.

GOOD :: \$763

Enhanced synchro mechanism with Comfort Drive, seat depth adjustment, fixed nylon arms, nylon base, grade 1 textile.

BETTER :: \$803

Enhanced synchro mechanism with Comfort Drive, seat depth adjustment, multi-adjustable nylon arms, nylon base, grade 1 textile.

BEST :: \$969

Enhanced synchro mechanism with Comfort Drive, seat depth adjustment, fixed polished aluminum arms, polished aluminum base, grade 1 textile.

TORSA

CONTROL FUNCTIONS

SitOnIt Seating offers a wide range of function levels on our seating products. The descriptions and illustrations below are designed to introduce you to these mechanical functions and their primary advantages.

Standard Synchro (F)

Use for a variety of task environments. This 1.5:1 ratio synchro offers simple features for the budget-conscious buyer.

- Swivels 360°
- Gas cylinder seat height
- 1.5:1 seat to back synchronized recline movement
- Upright three-position tilt lock
- Tilt tension control
- Anti-kick feature

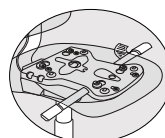

Note: Knack, Novo and Wit offer the standard synchro mechanism.

Enhanced Synchro (Y)

Use for a variety of task positions and extended hours of usage. This 2:1 ratio synchro offers smooth and easy-to-operate adjustments combined with maximum user comfort while ensuring correct posture and support. Allows for a full range of movement.

- Swivels 360°
- Gas cylinder seat height
- 2:1 seat to back synchronized recline movement
- Upright two-position tilt lock
- Side tilt tension control
- Anti-kick feature
- Optional seat depth adjustment

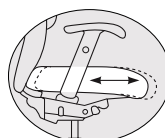

Note: Internal back height adjustment not available on Focus and Prava. Enhanced Synchro is available on Amplify, Focus, Glove Active, Knack, Prava, ReAlign, Sona and TR2

Enhanced Synchro with Comfort Drive® (Y)

Use for a variety of task positions and extended hours of usage. This 2:1 ratio synchro offers smooth and easy-to-operate adjustments combined with maximum user comfort while ensuring correct posture and support. Allows for a full range of movement. Only available on Torsa.

- Cable-driven control mechanism
- Swivels 360°
- Gas cylinder seat height
- 2:1 seat to back synchronized movement
- Easy-to-adjust side activated tension control
- Upright two-position tilt lock
- Anti-kick feature
- Seat depth adjustment

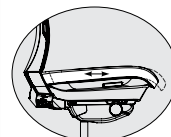

Note: Enhanced Synchro with Comfort Drive is exclusively available on Torsa.

Advanced Synchro with Seat Depth Adjustment (L/E3)

Use for today's variety of task positions and usages. Discover easy, intuitive adjustments with easy-to-reach, rapid-adjust controls for ongoing ergonomic support/comfort.

- Rapid-adjust tension knob with five positive clicks; experience tightest to loosest tension in less than two turns
- Easy-to-adjust tilt limiter knob with positive clicks; enables tilt-limitation and continuous support in five positions up to 19°
- 2.3 : 1 ratio synchro
- Swivels 360°
- Built-in cable-driven seat depth adjustment lever

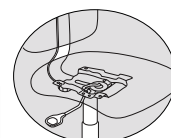

Note: Available only on Vectra.

Basic (swivel only) (B)

Use for short periods of time. Our most basic control has simple adjustments and works for casual meetings.

- Swivels 360°
- Gas cylinder seat height

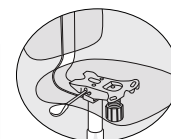

Note: Chairs with the basic mechanism are Anytime, Focus, InFlex, Non-Stop, Novo, OnCall, ReAlign, Relay, TR2 and Wit.

Swivel Tilt (T)

Use for a variety of tasks and conferencing. Lean back and relax, or lock in the upright position and task with solid support.

- Swivels 360°
- Gas cylinder seat height
- Seat and back tilt as unit
- Tilt tension control
- Upright position tilt lock

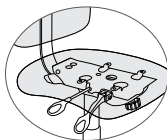

Note: Internal back height adjustment available on Knack, Realign and Sona. Available on Focus, Glove Active, Glove Executive, Knack, Non-Stop, Novo, OnCall, Prava, ReAlign, Relay, Sona and TR2.

CONTROL FUNCTIONS

Swivel Tilt – Heavy Duty (T2)

Use for a variety of tasks and conferencing. Lean back and relax, or lock in the upright position and task with solid support.

- Swivels 360°
- Gas cylinder seat height
- Seat and back tilt as unit
- Infinite position lock
- Tilt tension control

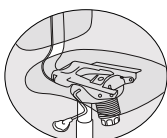

Note: Non-Stop has the swivel tilt heavy duty mechanism.

Knee Tilt (K)

Use for executive and managerial positions. The best of traditional tilt performance with a simple locking function. Allows for a full range of movement.

- Swivels 360°
- Gas cylinder seat height
- Seat and back tilt as unit
- Upright position tilt lock
- Tilt tension control
- Reduced rise of front seat edge

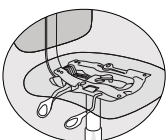

Note: Internal back height adjustment available on Sona. Knee tilt is available on Focus, Glove Executive, Prava, ReAlign, Sona and TR2.

Posture Back (P)

Ideal for shared workstations. Perfect for limited task applications. Independent back articulation ideal for extended stool models.

- Swivels 360°
- Gas cylinder seat height
- Infinite back angle adjustment
- Optional seat depth adjustment

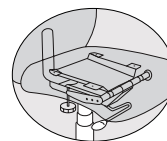

Note: The posture back mechanism can be specified for TR2.

Dual Torsion – Heavy Duty (DT)

Use for a variety of tasks and conferencing. Synchronized double-action rise allows full back decline for leg comfort and minimal front rise.

- Swivels 360°
- Gas cylinder seat height
- Seat and back tilt as unit
- Upright position tilt lock
- Tilt tension control
- Reduced rise off front seat edge

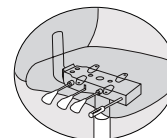

Note: Non-Stop has the Dual Torsion mechanism.

Multi-Function (M)

Use for a variety of task positions and extended hours of usage. Our most ergonomic control allows for an infinite range of movement and adjusts to a 5° forward tilt.

- Swivels 360°
- Gas cylinder seat height
- Infinite back angle adjustment
- Seat and back tilt as unit
- Infinite position tilt lock
- Free floats in unlocked position
- Tilt tension control
- Seat pivots in a 5° forward position
- Optional seat depth adjustment

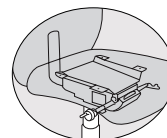

Note: Nonstop models have a manual back height adjustment. Find multi-function on Glove Active, Knack, Non-Stop, ReAlign and TR2.

Euro Glide (A2)

Use for executive and managerial tasking. Smooth, simple operation meets maximum user comfort while ensuring correct posture and support. Euro Glide allows a full range of movement.

- Swivels 360°
- Gas cylinder seat height
- 2:1 seat to back synchronized recline movement
- Upright five-position tilt lock
- Side tilt tension control
- Anti-kick feature

Note: Non-Stop and ReAlign offer euro glide.

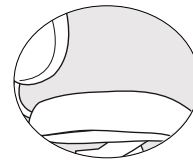

ARMS & ARM ADJUSTMENTS

SitOnIt Seating offers a wide variety of arm styles and adjustments to accommodate all types of users doing a wide variety of tasks. The general adjustments for each arm type are described below. See the website or the product hang tag for specifics.

ARMLESS

Any discussion of arm styles must begin with armless. Armless chairs and stools are less expensive and are easier to get in and out of. However, they do not provide ergonomic support for long-term sitting and task functions.

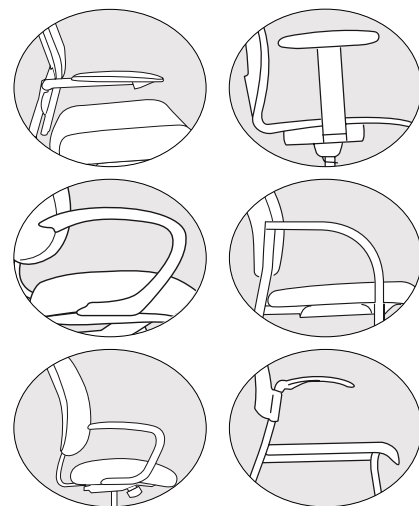

Every SitOnIt Seating collection offers armless chairs and stools, but the selection may be limited to specific models. For instance, Freelance multipurpose chairs and stools can be specified armless, but not Freelance bariatric chairs.

FIXED

As the name implies, fixed arms cannot be adjusted. Also known as loop arms, cantilever arms and other names, these arms are commonly found on side and multi-seating as well as basic task seating.

Height adjustable arms are available for Amplify, Focus, Glove Active, Knack, Non-Stop Heavy Duty, Novo, ReAlign, TR2 and Wit.

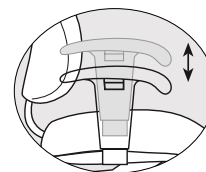

HEIGHT-ADJUSTABLE

This is the most basic adjustable arm. The arm adjusts up or down. Height adjustable arms are best for basic task work.

Height adjustable arms may operate slightly differently for some collections.

- For Glove Active, Knack, Non-Stop Heavy Duty, ReAlign, TR2 and Vectra:
 - To increase or decrease the arm height, press the button and pull up or push down on the arm.
- For Focus:
 - To increase arm height, press up on the button located under the front of the arm pad and pull the arm up.
 - To decrease arm height, press the button located under the front of the arm pad and push the arm down.
- For Sona and Prava:
 - To increase arm height, pull up on the arm until the desired height is reached.
 - To decrease arm height, pull it up until it reaches its highest point. This will reset the mechanism and allow the arm to drop to its lowest point. Now raise the arm to the desired height.

Height adjustable arms are available for Amplify, Focus, Glove Active, Knack, Non-Stop Heavy Duty, Novo, ReAlign, TR2, Vectra and Wit.

ARMS & ARM ADJUSTMENTS

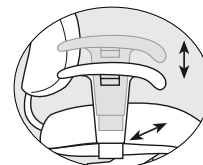

HEIGHT/WIDTH ADJUSTABLE MULTI-ADJUSTABLE

Height/width adjustable arms are sometimes called multi-adjustable arms on certain products. The arm adjusts up and down and side-to-side. This provides more “elbow room” for larger people. Best for basic task work.

This arm has two adjustments:

- Height: See instructions in the Height-adjustable section.
- Width: To adjust the arm width, push down on the lever located under the seat to unlock the width adjustment. Move the arm to the desired width and pull up on the lever to lock the arm in place.

Height/width adjustable arms are available for Focus, Glove Active, Knack, Non-Stop Heavy Duty, Novo, Prava, ReAlign, Sona and TR2.

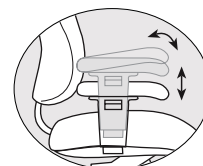

HEIGHT-ADJUSTABLE WITH PIVOT

The arm adjusts up and down and 30° in or out. The arms can be turned in to facilitate writing or keyboarding and turned out for other tasks.

Height adjustable with pivot arms permit two adjustments:

- Height: To increase or decrease the arm height, press the button.
- Pivot: The armrest has three positions: 30° in, center or 30° out. To pivot the arm, grasp the arm pad and move it to one of the three positions.

These arms are available for Glove Active, ReAlign and TR2.

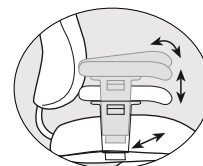

HEIGHT/WIDTH ADJUSTABLE WITH PIVOT MULTI-ADJUSTABLE (HEIGHT/WIDTH) WITH PIVOT

This arm adjusts up and down, side to side and 30° in or out.

Three adjustments are provided by the height/width adjustable with pivot arm:

- Height: The arm adjusts up or down. To increase or decrease the arm height, press the button.
- Width: The arm adjusts side-to-side. To adjust the arm width, push down on the lever located under the seat to unlock the width adjustment. Move the arm to the desired width and pull up on the lever to lock the arm in place.
- Pivot: The armrest has three positions: 30° in, center or 30° out (Non-Stop Heavy Duty pivots 15°). To pivot the arm, grasp the arm pad and move it to one of the three positions.

Multi-Adjustable with pivot is available for Glove Active, ReAlign, TR2 and Non-Stop.

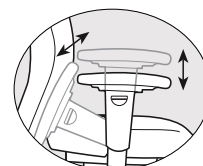

HEIGHT-ADJUSTABLE BREAK-AWAY

The arm adjusts up or down and folds down 90°. The folding arm allows for fast and easy ingress and egress and is also great for users with large key rings, tool belts or other personal gear.

There are two adjustments for this arm.

- Height: The arm adjusts up or down. To increase or decrease the arm height, press the button.
- Break-Away: To fold the arm back, push down on the lever located under the seat to unlock the arm and move the arm back. To return the arm to the original position pull the arm up until it locks into place.

Non-Stop Heavy Duty features a height-adjustable break-away arm.

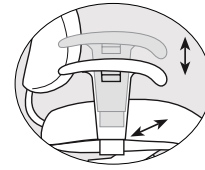

ARMS & ARM ADJUSTMENTS

MULTI-ADJUSTABLE (HEIGHT/WIDTH) ARTICULATING

This arm adjusts up and down and side to side.

Non-Stop Heavy Duty offers a Multi-Adjustable Articulating arm option.

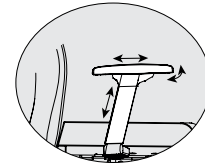

FULLY ADJUSTABLE (SIX-WAY)

The six fully adjustable arm adjustments are arm height (up/down), arm pad depth (forward/back) and arm pad side-to-side (in/out). This ergonomic arm is good for users engaged in a variety of task applications.

The fully-adjustable (six-way) arm:

- Height: The arm adjusts up or down. To increase or decrease the arm height, press the button.
- Arm pad depth: The arm pad slides forward or back.
- Width: The arm adjusts side-to-side.

Note: for Focus only.

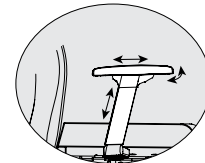

FULLY ADJUSTABLE (SIX-WAY)

The six fully adjustable arm adjustments are arm height (up/down), arm pad depth (forward/back) and pivot. This ergonomic arm is good for users engaged in a variety of task applications.

The fully-adjustable (six-way) arm:

- Height: The arm adjusts up or down. To increase or decrease the arm height, press the button.
- Arm pad depth: The arm pad slides forward or back.
- Pivot: The armrest has three positions: 25° in, center, or 25° out

Prava and Sona have fully adjustable arm options.

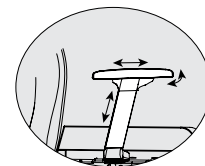

FULLY ADJUSTABLE (EIGHT-WAY)

The eight-way fully-adjustable arms go up/down for height adjustment while the arm pads go forward/back, in/out and pivot in/out for robust support. This all-encompassing arm style makes a perfect fit for today's workplace where broader work applications such as use of smartphones, tablets and other tech accessories are becoming the norm (and require complete forearm support). Pivoting of the arm pads also means that even the most petite of users can adjust accordingly for a more suitable fit.

The fully-adjustable (eight-way) arm:

- Height: The arm goes up or down for height adjustment.
- Arm Pad Depth: The arm pad slides forward or backward.
- Arm Pad Lateral: The arm pad moves in and out. Not to be confused with the arm width adjustment where the entire arm moves.
- Arm Pad Pivot: The arm pad pivots in and out to accommodate various work application postures.

ARMS & ARM ADJUSTMENTS

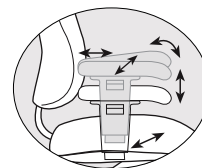

FULLY MULTI-ADJUSTABLE (10-WAY)

The 10-way arm adjustments are arm height, arm width, arm pad depth, arm pad side-to-side and pivot. This is an excellent ergonomic task chair for executives or workers.

The 10-way arm is fully multi-adjustable:

- Height: The arm adjusts up or down. To increase or decrease the arm height, press the button.
- Width: The arm adjusts side-to-side. To adjust the arm width, push down on the lever located under the seat to unlock the width adjustment. Move the arm to the desired width and pull up on the lever to lock the arm in place.
- Arm pad depth: The arm pad slides forward or back.
- Arm pad side-to-side: The arm pad slides from side to side. Not to be confused with the arm width adjustment where the entire arm moves.
- Pivot: The armrest has three positions: 30° in, center or 30° out (Non-Stop Heavy Duty pivots 15°). To pivot the arm, grasp the arm pad and move it to one of the three positions.

Fully multi-adjustable (10-way) arms are exclusively available on Focus.

COLOR PROGRAM

From plastic shell colors to mesh colors to custom match colors, SitOnIt Seating gives designers and specifiers lots of options. The tables below show the color options available by collection.

PLASTICS

Five plastic shell colors are available with a two-day lead time for production.

In addition, there are nine colors with a three-week lead time. No minimum orders or added costs apply.
